

19TH YEAR. NO. 191.

EAST LIVERPOOL, O., THURSDAY, AUGUST 14, 1902.

TWO CENTS.

REGISTRATION LAW IS STILL POSSIBLE FOR EAST LIVERPOOL

Provisions of the General Bill May Be Made to Apply—Solons to Repeal New Act On Railroad Lighting.

From a Staff Correspondent.

Columbus, Aug. 14.—After giving the subject much research Secretary of State Laylin has formed the conclusion that it will be necessary for the legislature to re-enact the election laws which it was thought at first would have to be done. He says that the election boards in all cities save in East Liverpool and Findlay were created under a general law, giving registration to cities possessing a certain population. Special registration acts were passed for the two cities mentioned and both are clearly unconstitutional. The belief obtains that registration can be extended to these cities under the general act.

Right or wrong, Mr. Laylin says, the court will uphold the law under which the fall elections will be held, and no undue alarm need be felt. It is doubtful whether the law abolishing city election boards in Mahoning and Summit counties and placing control of all elections in the hands of the county board is sound. This act was passed last spring.

The code builders have concluded to refer the matter of civil service to the

legislators, leaving them to decide whether it shall go into the code. The state bar committee refused to stand for civil service unless it was provided for cities. The code will make only minor changes in the municipal ownership laws. At present municipalities may own their own light plants, water works, and these provisions will probably be adopted without much revision. Governor Nash has decided to stay away from Representative Querin's clamor, which is to be held at Sandusky today and tomorrow.

The governor proposes to abide resolutely by his former declaration not to expose his code to the scrutinizing glances of the legislators until they assemble August 25. He charges the code builders not to breathe a word to outsiders about what is going into the measure, but the newspapers are still able to chronicle from day to day the doings of the select few who have to do with the code. The bill has to be cut down to 13,000 words. It is expected that the bar association committee will make its report to the governor this afternoon. Of course,

(Continued on Fifth Page.)

FAILED TO PROVIDE FOR HIS FAMILY

Wife of John Walters Told the Squire of Husband's Cruelty and Neglect.

HER LIFE WAS THREATENED

Warrant Issued For the Man Weeks Ago, But He Was Not Captured Until Last Evening—Stands a Chance of a Jail Term.

Walking presumably for the benefit of his health down Market street last evening, resulted disastrously to John Walters. Had he dreamed where his footsteps were leading him there is no doubt he would have taken the Calcutta or Lisbon road for recreation.

He now lingers in the city jail with excellent chances of a trip to Lisbon for commitment in the county jail, all because he walked in the wrong direction.

On July 11 Mrs. Walters appeared before Squire McLane and swore out a warrant for the arrest of her husband, charging him with the non-support of their two minor children. The warrant was given to Constable Powell, but before the officer could make the arrest Walters had left the city. A few days ago he returned and the constable again started in search.

Not knowing the man he was unable to locate him and the police were notified to keep on the watch. It fell to the lot of Officer Aufderheide to first gaze upon Walters. He caught sight of the alleged criminal as he was passing the city hall. Walters was immediately placed under arrest and taken before the squire, who had him committed to a cell until this morning when he was given a preliminary hearing.

Mrs. Walters was the only witness summoned. She swore that her husband had failed to provide for their children for many months and that he had treated her cruelly upon numerous occasions. Several times he had threatened her life, she said, and had her frightened into hysterics for a month before she swore out the warrant.

The squire decided that Walters was guilty beyond a doubt and bound him over to common pleas court in the sum of \$300.

Labor Day Proclamation.

Columbus, August 14.—(Special)—Governor Nash has issued his labor day proclamation, calling attention to the fact that Monday, September 1, is labor day and requesting that it be generally observed.

BRANCH FROM LISBON

TO RJN TO NEW CASTLE THE LATEST RUMOR.

An Alleged Wabash Railroad Project of Local Interest.

The latest Wabash rumor is contained in the following dispatch from New Castle, Pa.: "Surveyors are now at work in the interest of the Wabash surveying for a proposed railroad from Moravia to the center of this city, where the Wabash wants to reach for both passenger and freight business. This branch will follow the route of the old Erie canal northward along the banks of the Beaver river from Moravia, where a junction will be formed with the Erie system from Lisbon, O., to Pittsburgh."

FROM THE JAWS OF DEATH

A Man Who Had Long Been Ill Is Saved By an Operation.

As the result of an extremely delicate and dangerous operation, George Pease, of Locust alley, who has been at the point of death for over three months, is now on the road to permanent recovery and his physicians state that unless something unforeseen occurs he will be a well and hearty man in a few weeks. He had been suffering from an affection of his temporal bone and his case was given up as incurable.

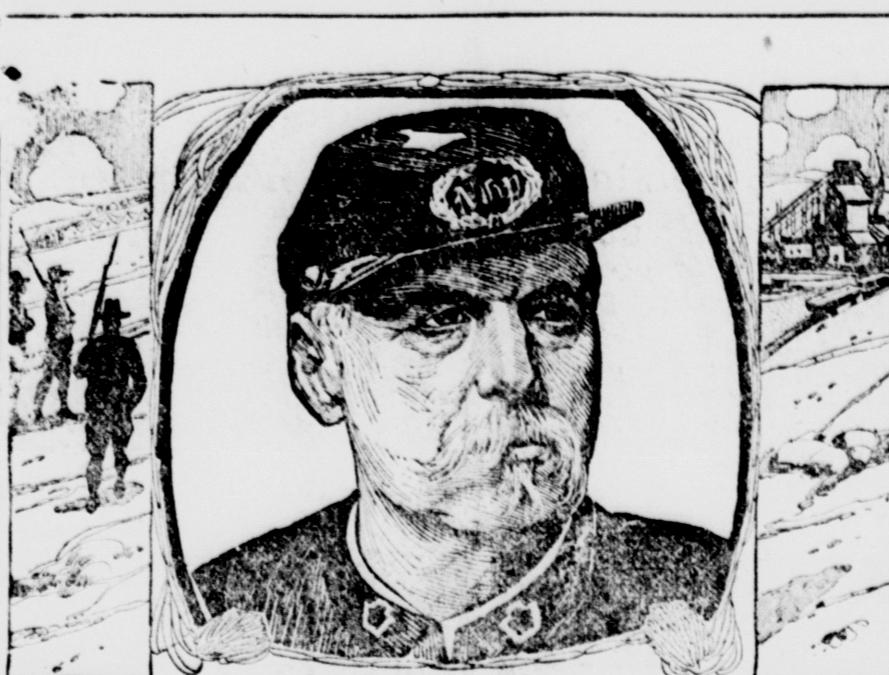

Two local physicians were called yesterday; afternoon and in the presence of a score of spectators an operation was performed that gave him immediate relief and practically lifted him from the jaws of death. The operation was a success in every particular and Mr. Pease is overjoyed, as are his many friends. With his family he moved to the city from New Cumberland four months ago and he worked at his trade, that of a painter, until his affliction compelled him to take his bed.

DUFFY FOR CONGRESS

The Brotherhood Secretary Talked of as a Labor Candidate.

At a meeting of labor people which will be held at Alliance Saturday evening, for the purpose of considering the advisability of nominating a labor candidate for congress in this district, it is said the names of Thomas J. Duffy, secretary of the Brotherhood, and Charles Bonsall, of Salem, will be presented.

When seen this morning Mr. Duffy had nothing to say about the matter, claiming that the first he had heard of the matter was when he was told of it by a News Review reporter.

GENERAL JOHN P. S. GOBIN, COMMANDING THE TROOPS AT SHENANDOAH, PA.

General John P. S. Gobin, in command of the troops ordered by the governor to Shenandoah, Pa., for the purpose of preserving order, has long been prominent in the affairs of the "Keystone" State. He served in the Union army during the civil war, retiring with the brevet of brigadier general. He was elected in 1884 to the state senate, and during the war with Spain was a brigadier general of volunteers. In 1897 he was elected commander-in-chief of the G. A. R., and in 1898 was chosen lieutenant governor of Pennsylvania. General Gobin's home is in Lebanon, Pa.

WORK TOO MUCH FOR BART BROWN

After Toiling For Half a Day He Left For Parts Unknown.

WAS RELEASED FROM JAIL LEFT MOTHER ON STREET

Recently on His Promise to Behave and to Support His Child as a Father Should—Another Warrant Out For Him.

Bart Brown, of this city, who was sent to the county jail a short time ago on a charge of non-support of a minor child, preferred against him in a local court, has escaped from Lisbon, and no one knows where he now is. Taking pity on him, Judge Boone suspended sentence in his case on the condition that he would work for two weeks in the Thomas China plant at Lisbon, and pay a part of his earnings to his wife. He went to the pottery, went to work and then left, after attempting to work for half a day.

Another charge has been preferred against him at Lisbon, and a warrant for his re-arrest is now with Sheriff Leonard. If apprehended he will be sent to the workhouse at Canton for two months.

TO COST ABOUT \$25,000

CONTRACT LET FOR W. L. THOMPSON'S RESIDENCE.

Harvey McHenry, of This City, Will Erect the Superstructure of It.

Architect A. W. Scott yesterday let the contract for the erection of W. L. Thompson's residence on the boulevard, to cost in the neighborhood of \$25,000. The contract for the superstructure was let to Harvey McHenry. The interior work of the new residence will not be contracted for until next summer.

NOT READY FOR FALL

Parochial School Will Be in Temporary Quarters Till Building Is Finished.

Announcement is made that the new St. Aloysius' parochial school building on Fifth street, on the site of the old school will not be ready for occupancy until about December. The officials of the church have made arrangements to open their school term at the usual time, September 6, in rooms in the skirt block, on Sixth street. When the new building is completed the number of teachers will be materially increased.

In the past there have been but four teachers employed, but in the new building there will be six, and one music teacher. Work on the new school house is being rushed as fast as possible.

On a Hunting Trip.

Drs. Clyde Larkins and E. L. Trimmer were captains of a company of hunters who took the 1:36 train this morning. They expected to leave the road near Salineville and walk five or six miles to a section which is reported to abound with foxes, black and gray squirrels.

A WARRANT IS OUT FOR THOMAS POTTS ACCUSED OF CRIME

Chief Thompson Believes He Has Evidence to Convict the Man of Chasing and Frightening Little Girls.

Charged with committing numerous

lunches to their parents. The three girls were returning to their homes and stopped along the way to pick some blackberries in an open field. Potts is accused of approaching them and trying to induce them to go on an errand. Instead they commenced crying and ran as fast as their little limbs could carry them.

The man immediately beat a retreat and the little ones, upon reporting the affair to their parents, were instrumental in having the warrant sworn to by Chief Thompson, who states that he has abundant evidence galore to convict the man of the crime with which he is specifically charged.

In making the information against Potts, the chief alleged that he is the man that has for several weeks been making a practice of frightening small girls. He is positive that he is the man that chased a little daughter of Fred Pennington, of Ravine street; Bunt Ralston's child, of Second street, and three small girls whose names are not known, who were terribly frightened yesterday afternoon while returning from the Laughlin pottery No. 2, where they had delivered

Wearing an anxious look and scarcely able to control her feelings, tears dropping at intervals from her eyes. Mrs. Amanda Neal, of the West End, appeared at the city hall yesterday afternoon and apprised Mayor Davidson that her little nine-year-old boy, Archie, was lost.

She stated that her boy's arm is broken and that she had brought him up town to take him to a physician to have the splints replaced. While she was talking to a friend he slipped away unnoticed. When she did discover that he was gone she made a search, but to no avail.

The mayor and several others started on a hunt for the missing youth, but although they continued their search until supper time, he could not be found.

Word reached the police station last night that the lad had been picked up down under the river bank where he was playing with a number of boys.

Mrs. Neal was overjoyed at the recovery of her only child. She has had a trying time of late. Her husband was killed at Toronto a few weeks ago while painting a house.

Just what the terms of settlement are could not be learned, as the men are non-communicative. The agreement was satisfactory to both sides, however, and the men were to return to work this morning. The pottery has been idle notwithstanding there have been a great many orders ahead. About one hundred men and girls were affected.

The strike arose over the discharge of one of the employees. He was an employee who was paid by the men out of their earnings, and they contended that the foreman had no authority either to ask him to do additional work, or to discharge him because he refused to do so. Whether or not this employee will be reinstated under the terms of settlement cannot be learned.

President A. S. Hughes, of the National Brotherhood of Operative Poters, who went to Wheeling yesterday morning to confer with the men and the company concerning the settlement, was expected home this afternoon. It was stated by National Secretary Duffy this morning that until President Hughes returned no one about headquarters knew anything about the terms of settlement. It is the general belief that Beswick, the discharged clay carrier, was reinstated.

Gould pleaded guilty to a charge of disorderly conduct, but very reluctantly. He could not understand how his wife, with whom he had had many differences, could be worked up to the point of having him jailed for so trifling a thing as using her face for a punching bag. It all occurred in Stetina Myers' notorious place. No referee was appointed to make decisions in the battle, but the large crowd witnessed the melee and betting, it is claimed, ran high at times.

True to the mayor's predictions the quieted wife returned late last evening and put up for the man's fine. Both left arm in arm with the avowed intention of never engaging in a fistic encounter again.

For the New Street Railway Which Is to Connect Sebring And Alliance.

The work of construction on the electric railway connecting Sebring and Alliance has about been finished. The track has all been laid, and at the terminus in Sebring a platform for the passengers to alight has been built.

Fourteen carloads of slag were received there Saturday, and these are being hauled out along the line to be used for ballast. A small shifting locomotive has been brought out and put into use for distributing the slag.

DISPUTE SETTLED

AND THE STRIKE AT THE RIVER-SIDE POTTERY IS OFF.

Terms of the Agreement Reached at Wheeling Not Yet Made Known.

Wheeling, August 14.—The unfortunate differences between the employees and the management of the Riverside sanitary pottery in the North End were adjusted at a conference between representatives of the two sides held yesterday morning. The men could not act finally for their side, but the agreement entered into was satisfactory to the union, and was ratified at a meeting held at Trades Assembly hall yesterday afternoon.

Just what the terms of settlement are could not be learned, as the men are non-communicative. The agreement was satisfactory to both sides, however, and the men were to return to work this morning. The pottery has been idle notwithstanding there have been a great many orders ahead. About one hundred men and girls were affected.

The strike arose over the discharge of one of the employees. He was an employee who was paid by the men out of their earnings, and they contended that the foreman had no authority either to ask him to do additional work, or to discharge him because he refused to do so. Whether or not this employee will be reinstated under the terms of settlement cannot be learned.

President A. S. Hughes, of the National Brotherhood of Operative Poters, who went to Wheeling yesterday morning to confer with the men and the company concerning the settlement, was expected home this afternoon. It was stated by National Secretary Duffy this morning that until President Hughes returned no one about headquarters knew anything about the terms of settlement. It is the general belief that Beswick, the discharged clay carrier, was reinstated.

Gould pleaded guilty to a charge of disorderly conduct, but very reluctantly. He could not understand how his wife, with whom he had had many differences, could be worked up to the point of having him jailed for so trifling a thing as using her face for a punching bag. It all occurred in Stetina Myers' notorious place. No referee was appointed to make decisions in the battle, but the large crowd witnessed the melee and betting, it is claimed, ran high at times.

True to the mayor's predictions the quieted wife returned late last evening and put up for the man's fine. Both left arm in arm with the avowed intention of never engaging in a fistic encounter again.

For the New Street Railway Which Is to Connect Sebring And Alliance.

The work of construction on the electric railway connecting Sebring and Alliance has about been finished. The track has all been laid, and at the terminus in Sebring a platform for the passengers to alight has been built.

Fourteen carloads of slag were received there Saturday, and these are being hauled out along the line to be used for ballast. A small shifting locomotive has been brought out and put into use for distributing the slag.

FIREMEN GET WEARY

FORBIDDEN BY CITY RULES TO PLAY ANY GAMES.

Would like the privilege of gymnastic exercise if nothing else.

One of the rules by which the city's firemen are governed is now and always has been meeting with the disapproval of the men who are compelled to abide by them or throw off their official robes and step out of the service of the people. The rule is down toward the end of the list and is the only one that the men have a particle of cause to object to. It says: "No games or sports of any description can be played in or about the fire station."

There is no doubt that the rule was made for a good purpose, that of fixing a plan by which the firemen will always be ready for duty. But could it not have been compiled in a manner that would not be so restricting? The men need physical training. By living up to the rule they cannot have it. One of them said last evening:

"We are the only city in the United States where firemen are under salary that are compelled to abide by such a rule. What we want is the privilege to equip a gymnasium department. You cannot imagine how awfully tired we become with nothing to do but chew our fingers and await a call. We are bound to become stupid. No exercise works harder on a man than those who have not experienced such a life can imagine. A punching bag and Indian clubs would help us wear off the monotony. In the larger cities gyms are attached and the firemen are compelled to take so much exercise daily."

It can be seen that the firemen have taken a sensible view of the matter and are moved not by a desire for pleasure, but for health. Council may be asked at the next meeting to provide in some manner for the obliteration of the rule and also for help toward buying the necessary apparatus.

MONESSEN NOT COMING

Instead the Westinghouse Team, of Pittsburgh, Will Play Here This Week.

Corresponding Secretary Travis, of the local base ball team, received word yesterday from the manager of the Monessen team, stating, that owing to some difficulty that he recently had with his aggregation, he would be compelled to cancel the dates of this week with East Liverpool. The Monessen team is one of the best in the Pittsburgh district and the fans would have greeted it joyfully.

The team that has now been arranged for to play on the cancelled date is also a crack organization and will play the home boys a hard game. They are of the East End, Pittsburgh, and are known as the Westinghouse team. Out of a score or more of games played this season they have won all but three, and a Pittsburgh sporting writer states that they are among the fastest in the state.

Manager Walsh has secured the ser-

Oh, Yes

You wish you had ordered a case of Beer, Ale or Porter for today, but you didn't. It isn't our fault; we had plenty of it ready to deliver at your order. Don't get caught napping again. A postal card or the phone do the work.

G. W. MEREDITH & CO.,
171 to 177 Market Street.

vices of M. C. Vosbinder for the games and he will likely be retained throughout the season. There is no doubt that he will make a valuable addition to the team. During the first part of this season he played with the Cleveland American league team. He has an excellent reputation both as a pitcher and an outfielder. In Friday's game he will play in right field. Godwin has also promised to play in both games, and with the two assistants the locals will be enabled to put up a fast game. The lineups for both teams follow:

East Liverpool—Emmerling, catcher; Winters, pitcher; Gibson, short; Fred Heckathorn, first; Webb, second; Davis, third; Godwin or Coleman, left; Rark, middle; Vosbinder, right.

Westinghouse—Chambers, catcher; J. Stoltz, pitcher; Ferguson, short; Eicher, first; O'Leary, second; Bouldin, third; T. Stoltz, left; Ravey, middle; Bluming, right.

Mrs. Bunn Recovering.

Youngstown, August 14.—(Special)—Mr. and Mrs. R. G. Thompson, of Salineville, are still detained at the home of their son-in-law, Fred S. Bunn, a pharmacist of this city, on account of the continued illness of their daughter, Mrs. Bunn, who was removed to the Youngstown city hospital July 28 and underwent an operation from which she is rapidly convalescing. Friends are glad to learn that she will be able to leave the hospital this week for her home and the week following for the home of her parents in Salineville.

Piping Gas to Lisbon.

Lisbon, August 14.—(Special)—The directors of the Salem Oil & Gas company at a recent meeting chose J. M. Carpenter, of Galion, Pa., president; A. O. Silvers, vice president; G. M. Fink, Salem, secretary, and W. E. Donnelly, Lisbon, treasurer. Mr. Donnelly is superintending the work of construction here and says that they will have the gas to consumers in a short time.

Licensed And Married.

Lisbon, August 14.—(Special)—Stephen Wheatley and Iva Leek, both of Salineville, got a license and were married in the probate court room yesterday by Mayor Farrell.

Marriage licenses have been issued to Emerson L. Baker and Anna M. Ries, both of East Palestine, and to George T. Wright and Amelia R. Parker, Wellsville, the latter couple to be married by Justice H. P. McCarren.

Adjudged an Imbecile.

Lisbon, August 14.—(Special)—Mary A. Ackleson, of Center township, has been adjudged an imbecile and will be taken to the county infirmary. T. O. Kelly has been appointed guardian for her.

Appointed Trustee.

Lisbon, August 14.—(Special)—Dr. W. N. Gilmore, of West Point, has been appointed trustee for \$100 left to the Madison Presbyterian church by Joseph March.

Grove's Black Root Liver Pills. Made from an active principle obtained from Black Root. They act on the liver equal to calomel and leave no bad after effects. No griping, no sick stomach. Will cure chronic constipation. Price 25 cents.

Judge Ambler rendered a decision at Canton that declared all the work of the decennial board of equalization of Stark county null and void and does away with all increases made by the board to the tax values of the real estate of Stark county.

The returns of the land appraisers, as reported to the auditor, will have to be the basis on which taxes are assessed.

TONE OF THE MARKET FIRMER,

Noted Yesterday, but No Improvement in Activity of Trading.

New York, Aug. 14.—There was no improvement in the activity of the trading in the stock market yesterday, but the tone was firmer and did not reflect the disposition to liquidate on all advances, which was a feature of Tuesday's market. For the most part, however, the representative stocks were neglected and sluggish. The Gould stocks were the most conspicuous in the trading, Missouri Pacific leading in point of activity. There were heavy dealings also in all of the Wabash securities and in Texas and Pacific. The southwestern railroads are expected to gain a special benefit from the large corn crop and the winter wheat crop in that territory is also in a high average condition. The Wabash stocks were especially affected by reports of aggressive steps being taken to secure terminal facilities both in Pittsburgh and in Baltimore for the use of Wabash's eastern extensions. There was a fitful speculation in the soft coal stocks, based upon the benefit felt by that trade as an incident of the paralysis of the anthracite trade.

United States Steel shot up 7% on the news of an additional distribution of \$10,000,000 profits to the underwriting syndicate, thus bringing the total distribution up to \$30,000,000 on actual paid in subscriptions of \$25,000,000. The stock relapsed quickly into comparative inactivity, but with a fractional gain retained.

There were also movements in other stocks and other influences in the market.

EAST END**A DANGEROUS BRIDGE**

One Spanning the Boyce Street Run
in Need of Speedy Repairs.

Residents of Maple and Boyce streets have called attention to the fact that the bridge spanning the run on Boyce street should be permanently repaired before some one is injured and the city asked to pay a damage bill. The claim is made that very frequently of late wagons, being driven across the bridge, have been let through the floor on account of the boards being rotten and unfit for use. The suggestion is made that the entire floor be taken up and a new one placed over the run.

Upon several occasions residents of Boyce street have gone to the bridge and placed barrels and other obstructions on it to prevent teams from being driven over the rotten planks and into the holes in the floor. Tuesday evening a wagon went through the bridge and the driver was compelled to work for over an hour before he released his wagon from the hole through which it fell.

FOUGHT WITH HIS TEETH

Mould Runner at National Pottery Bit a Fellow Workman's Cheek.

There was a little excitement at the National pottery in the East End yesterday afternoon which was the talk of the pottery shops of that part of the city this morning. It appears that a mould runner and a clay carrier in this shop had a few words, which resulted in a fight, which drew quite a crowd. During the trouble the mould runner was bitten on both cheeks by the clay carrier, the latter being the smaller of the two.

The fight ended, the whole affair was made known to General Manager John Stamm, of this shop, and that resulted in the dismissal of the clay carrier. The mould runner was allowed to remain at work.

Strong Foot Ball Team.

The East End will have a foot ball team this fall, of which it will feel proud. Charles Gallagher and Mort Calhoun are now forming a team that will be composed of some of the best the county. Already two plays of players to be found in this section of Wellsville, whose reputations as foot ball players are well known, have been engaged, and several equally well-known players are being sought for. The first practice game will be played within a fortnight.

Footballists to Organize.

Every evening when the weather is favorable a crowd of young men can be seen in Oakland practicing foot ball. There will be at least one foot ball team in the West End this fall. It will be managed by Edward Mountford, and a meeting of all the players will be held, probably the first of the week, for the purpose of selecting the players for the regular Klondike team.

Mrs. McAllister and two children from New York state will arrive in the East End next Tuesday to visit her brother, W. J. Day, for a few weeks.

NEW HARVESTER COMBINE.

Statement Said Combine Was Effect ed to Prevent Having to Ad vance Prices.

New York, Aug. 14.—The incorporators of the International Harvester company, articles of incorporation for which were filed Tuesday in Jersey City, yesterday made public a state ment, which says in part:

"The International Harvester company has been organized under the laws of New Jersey with a capital stock of \$120,000,000 to manufacture and sell harvesting machinery. It has purchased the property and business of the following manufacturers:

"The McCormick Harvesting Ma cline company, Deering Harvesting company, Plano Manufacturing com pany, Warder, Bushnell & Glessner company (Champion) and Milwaukee Harvesting company.

After alluding to the advance in prices of raw material and the possi ble consequent advance in the price of harvesting machinery, unless economies in existing conditions of manufacture could be accomplished, the statement continues:

"The manufacturers realize that their welfare and the interests of the farmers are identical. An advance in the price of agricultural machinery would injure the farmers and react upon the manufacturers. But on the other hand if existing conditions con tinued an advance in prices would be inevitable. It thus became necessary that either the prices should be ad vanced or that substantial economies should be effected in the manufacture and distribution of agricultural ma chinery."

The officers of the company are as follows: President, Cyrus H. McCormick; chairman executive committee, Charles Deering; chairman of the finance committee, George W. Peck; vice presidents, Harold F. McCormick, James Deering, William H. Jones, John J. Glessner; secretary and treasurer, Richard F. Howe; board of directors, Cyrus Bentley, Paul D. Cravath, William Deering, Charles Deering, James Deering, E. H. Gary, John J. Glessner, Richard F. Howe, Abram M. Hyatt, William H. Jones, Cyrus H. McCormick, Harold F. McCormick, Stanley McCormick, Elbridge M. Fowler, George W. Perkins, Norman B. Ream, Charles Steele and Leslie D. Ward.

builds up the nerves, strengthens the brain, and fortifies and refreshes the whole system.

Sold by druggists on guarantee. Dr. Miles Medical Co., Elkhart, Ind.

COUNTY AND NEIGHBORHOOD

Adam Brinkley, aged 62, a prominent citizen near Dungannon, is dead.

The Democratic primaries in Stark county will be held Saturday, August 23.

Willis Cope, of Smithfield, father of Rev. T. J. Cope, of Salem, is dangerously ill.

Mrs. J. R. Stock, who died at Alliance, aged 79, was a former resident of Lisbon.

Miss Lillie Dowling, while running to catch a train, fell and dislocated her right knee at Sebring.

Mrs. L. N. Steele died at the home of her daughter, Mrs. Charles Silver, in Portland, Ore. She was a life long resident of Salem.

O. A. Hoopes, of Hanoverton, accidentally ran a nail into his foot and has a bad wound. He is street commissioner of that village.

Na'than Bostick, a Pennsylvania company brakeman whose home is at Millersburg, was badly injured by falling from a train at Alliance.

Joseph Haessley, of East township, Carroll county, is dead, aged 85 years. He lived near Millport and was one of the influential citizens of that section.

The residence of William Yeagley, two miles east of Homeworth on the Reading road, was entered by unknown parties and over \$100 in money was taken.

The annual reunion of the Blackburn family will be held Tuesday, August 26, at the farm of Nathan Blackburn, midway between Middleton and New Waterford.

Assignee's Sale Ordered.

Lisbon, August 14.—(Special)—E. P. Speidel, of Hanoverton, as assignee of W. C. Anthony, of that town, has been ordered by Judge Boone to sell the personal property assigned.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery), says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Alvin H. Bulger.

There's no soaking required if you use Mrs. Austin's Quick Lunch Taptoe. Ready in a minute. Your grocer can supply you.

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You may prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get the reliable remedy at Charles F. Craig's.

Get Green's special almanac.

Red Cross Ball Blue has the largest sale of any blue in the world. Highest quality at a reasonable price the reason.

Round Trip Tickets

At exceedingly low rates will be sold to Colorado, Utah and the Pacific coast, via the Missouri Pacific railway on certain dates during May, June, July and August. Through sleeping cars from St. Louis to Denver, Colorado Springs, Salt Lake City and San Francisco. Superior cafe dining car services. Write Jno. R. James, central passenger agent, 905 Park building, Pittsburgh, Pa., for rates and illustrated pamphlets descriptive of the west. 100-cent trip.

CROWDS ARE COMING

To See the Noted Specialists, of Philadelphia, Pa. They Will Be at the Thompson House Three More Days

In Order to Introduce Their New Treatment They Will Give to All That Call on the Above Dates Consultation, Examination and All Medicines Necessary to Complete a Cure Free.

The first being an advertising trip to introduce their new system, they will give to all who call on the above dates, consultation, examination, advice and all medicine necessary to complete permanent CURE—FREE.

It will be expected of all patients taking advantage of this offer to state to their friends the result obtained by their new system of treatment. They treat ALL KINDS OF CHRONIC DISEASES AND DEFORMITIES.

It is very seldom that a community so situated as the one in which we live has the privilege of consulting such renowned specialists, who are in constant attendance to wait upon you, diagnose your case and give you the benefit of their medical knowledge. There is no experimenting or guess work. You will be told whether you can be cured or not. If your case is curable they will treat you; if incurable they will give you such advice as to prolong your life.

They treat deafness by an entirely new method, and hearing is restored at once. \$100 forfeit for any case of deafness that we fail to make hear from the first treatment. CATARRH in all its VARIED FORMS cured so it will never return, by breaking up the cold catching tendency by the electrical absorption of medicine. If you have weak lungs or consumption do not fail to be examined.

The new discovery of absorbing medicine by electricity in paralysis, loss of manly vigor, rheumatism and all diseases of the nervous system, including EPILEPSY, is a God-send to suffering humanity. Medical men stand amazed at the marvelous cures that are being effected wherever this system is being introduced. Thousands who have given up all hopes of ever being cured now have an opportunity of a life time to consult doctors of a national reputation. Remember their knowledge of medicine combined with electricity gives them control of diseases that others do not possess. If you have WEAK EYES, come and see the greatest AMERICAN and EUROPEAN EXPERT OCCULIST. He with his remarkable discovery cures all those afflicted with failing eyesight, cata racts or functional blindness. The blind made to see by our entirely new method. No experiments. Come and test it for yourself. Eyes expertly tested and treated. ALL THIS IS FREE OF CHARGE. WE STRAIGHTEN CROSS EYES TO STAY STRAIGHT BEFORE YOU LEAVE THE OFFICE. NO KNIFE. NO PAIN. This is done by our new system.

Don't fail to call on these eminent specialists, as a visit costs you nothing and may save your life.

If you suspect kidney trouble, bring a two-ounce vial of your urine for chemical and microscopic analysis.

Go early, as their offices are always crowded. If you are improving under your family physician do not come and take up their valuable time. They wish to give each one plenty of time, but cannot listen to long stories not pertaining to your ease. The rich and poor alike treated.

CONGRESSIONAL TICKET.

For Congress—JAMES KENNEDY of Youngstown.

STATE TICKET.

Secretary of State—LEWIS C. LAYLIN. Judge of Supreme Court—WILLIAM B. BREW. Food and Dairy Commissioner—HORACE ANKENY. Member Board of Public Works—WILLIAM KIRTLLEY, Jr.

COUNTY TICKET.

Probate Judge—J. A. MARTIN. Clerk of Courts—J. N. HANLEY. Recorder—CHARLES A. WHITE. Commissioner—M. P. CARNES. Surveyor—J. C. KELLY. Coroner—J. L. STRAUGHN.

Not only has immigration increased during the past year, but the proportion of illiterates among the new arrivals has been much greater than usual. The immigration laws ought to be amended, as has often been proposed, so that no alien should be allowed to land who possesses no property and is not able to write or speak English. The intelligent foreigner is always welcome. The illiterate helps to fill our jails and poorhouses.

Virginia has at last awakened to the disgrace of suffering lynch law to hold sway. A dozen arrests have been made of men supposed to have taken part in the unlawful hanging of a colored man, and they will be tried as fast as possible. A few prison sentences will do more to discourage this form of barbarity than any amount of preaching against it.

C. M. Schwab is reported to have made \$18,000,000 on a recent deal. Allowing a liberal percentage for exaggeration, it must be conceded that he is doing fairly well for a young man, though probably he will have to live and learn before he can trot in J. P. Morgan's class.

The news that Secretary Shaw is to make campaign speeches in this state is welcome intelligence to Ohio Republicans. Mr. Shaw is an able, common sense speaker, and his position enables him to speak with authority on the most eloquent of campaign texts, prosperity.

The indications are that the city of East Liverpool will discard village ways and adopt street signs. The improvement will cost little and will be highly appreciated both by residents and by visitors. It should have been made long ago, but it is better late than never.

The Canadian manufacturers' convention, which is discussing the question of how best to meet Yankee competition, should change its base of operations to this side of the line, and its task would then be easier.

A fusion candidate for congress in Kansas charges people for the privilege of hearing him speak. If he is elected Kansas will become the Mecca of the chronic candidates.

President Roosevelt, if he takes any notice of Bryan's rantings, can console himself by reflecting that the Ne-

Hood's Pills

Do not gripe nor irritate the alimentary canal. They act gently yet promptly, cleanse effectively and

braska editor is just as mad as the only living ex-president.

Every indication points to a phenomenally good fall business. Even now there is no dull season, save with merchants who do not advertise.

The legislator who expects to see a code bill enacted that will please the Democrats has so little sense that it is a wonder he was ever elected.

Editor Bryan has been long enough in the newspaper business to discover that the money question is of prime importance.

It is hard to tell which is the most foolish—May Yohé, or her lovers, or the newspapers that devote columns to both.

The reaper manufacturers, having formed a \$120,000,000 combination, doubtless expect to reap a golden harvest.

President Castro, of Venezuela, still holds his job, though he would doubtless get away from it if he could.

OBITUARY

Daniel Cline.

Daniel Cline, aged 56 years, a member of the Grand Army, and one of the best known carpenters of the city, died suddenly at his home in Calhoun's addition, East End, at 5 o'clock this morning. Mr. Cline was feeling quite well yesterday and was working at his trade as usual. During the night he suffered a stroke of paralysis, which caused his death. Mr. Cline was twice married and of his first marriage five children were born. He is the father of one child by his second marriage, and he is survived by his wife and six children. The funeral services will be held at his late home tomorrow afternoon at 2 o'clock, interment being at Riverview cemetery. The service will be in charge of Rev. G. W. Orcutt, of the East End.

Andrew Hurford.

Andrew Hurford, aged 85, long proprietor of the Hurford House, at Canton, is dead. Six children survive him. He was born in Canton, and was the oldest native resident. He was once engaged in operating a steam flour mill in Wellsville with his brother. He was a contractor and helped to build the C. & P. railroad.

THE "THOMPSON" AT FIELD'S

From the Musical Times, Chicago. The Thompson piano is already at Marshall Field & Co.'s great store.

But this does not mean that Marshall Field & Co. have gone into the piano business.

Miss Rest Humrickhouse has returned home after a visit with West Virginia friends.

George Cochran, of South Sharon, Pa., is visiting with his parents on Thompson avenue.

A. W. Scott and family have returned from a visit with relatives at Morris Cross Roads, Pa.

Mr. and Mrs. Lescallotte, of Pittsburg, are visiting Mr. and Mrs. C. W. Hoppel, of Oak street.

Mrs. George and family left today for Hollow Rock camp ground where she will spend a few weeks.

Mrs. Robert Hawkins, Miss Ethel and Rolland Hawkins left today for their new home at Barberville.

Mrs. J. B. Coleman and family, left today for Hollow Rock, where they will remain for several weeks.

A. D. Stanley, C. E. Green and T. F. Hanley are visiting Washington, D. C., and Atlantic City for two weeks.

James McMillan, of Lincoln avenue, who met with serious injuries two weeks ago, is again able to be on the streets.

Misses Vallie and Myrtle Powell left this morning for Grafton, W. Va., to visit their grandparents for a couple of weeks.

Rev. Father T. M. Smyth will leave next Monday for Cleveland, where he will remain a week attending the biennial retreat of priests at St. Mary's seminary.

Mrs. A. F. Lohman, of Mingo Junction, and Mrs. West Lentz, of Steubenville, have returned home after spending several days with their brother, C. W. Hoppel, of Oak street.

James E. Ryan, who has been an instructor to R. E. Ferrall in the night ticket and freight work at this station, has been called to Martin's Ferry to relieve the agent there for three weeks.

Misses Alice and Mabel Denning, of Ravenna, who have been visiting Mr. and Mrs. Thomas Cannon, of Sixth street, for a few days, have returned to their home. Mrs. Stapleton, of New York city, who has also been a guest for a few weeks, has returned to her home.

An Enjoyable Party.

Mrs. Chal Peterson very pleasantly entertained a large company of children at their home on Gaston avenue in honor of Miss Edith Aylen, of St. Louis, Mo., who is her guest. The Peterson home was very artistically decorated in ferns and flowers and in the dining room roses of a handsome variety were used. The little people spent the evening in playing all sorts of games. Choice refreshments were served.

Glue, Mucilage or Cement

Nowadays you can mend just about everything and economical housekeepers are doing it. Mucilage at 5c and 10c. Glue at 10c and 25c. Cement at 10c, 15c, 25c. Very often 1c worth will repair a \$10.00 article and make it as strong as new.

The Canadian manufacturers' con-

vention, which is discussing the question of how best to meet Yankee competition, should change its base of operations to this side of the line, and its task would then be easier.

A fusion candidate for congress in Kansas charges people for the privilege of hearing him speak. If he is elected Kansas will become the Mecca of the chronic candidates.

President Roosevelt, if he takes any notice of Bryan's rantings, can console himself by reflecting that the Ne-

Don't Forget the

Big Turtle at the Anderson House Bar SATURDAY NIGHT FOR SOUP.**NEW COMMANDERY**

Of the Knights of the Golden Eagle to Be Instituted Here Tonight.

A commandery of the Knights of the Golden Eagle will be instituted here this evening with a membership of 25 to 30. The matter has been in preparation for a month or more, and not until a few days ago were all the preliminary arrangements completed. The commandery will be instituted by two visiting majors of this branch of the order, and they will be assisted by John Bardou, of this city.

The event gives promise of being very interesting, and proves that this city is keeping up in all matters pertaining to secret orders.

Miss Sadie Coleman, of Beaver Falls, is visiting her parents during her vacation.

U. S. Steel Dividend.

New York, Aug. 14.—Members of the United States Steel corporation underwriting syndicate yesterday received a third dividend of 5 per cent on the face of the \$200,000,000 for which they were liable. The syndicate was not asked to advance more than 12½ per cent of this amount however, so its profits to date are \$20,000,000 on the actual outlay of \$25,000,000, or a return of 125 per cent, less a comparatively small sum in loss of interest.

LOST—Gold necklace with two gold dollars attached, at Rock Springs park.

BRAIN FOOD.

Not long since there was a great run on the fish markets because it was announced that fish was food for the brain. Of course the fallacy of the fad was soon exploded. Normally the food we eat nourishes brain, nerves, muscle, bones, etc., each part of the body assimilating phosphorous salts, lime, according to its need. When the brain begins to show weakness or the nerves become sensitive it is a sign that there is a loss of the nutrition contained in the food eaten, and this loss is in general due to disease of the stomach, and its allied organs.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food, which is the source of the strength of both brain and body.

"I am troubled with frequent headaches," writes Mrs. Bell, Summerton, of San Diego, Duval Co., Texas. "Often accompanied by severe vomiting; bowels were irregular and my stomach and liver seemed continually out of order. Often I could eat almost nothing, and sometimes absolutely nothing, for twenty-four hours at a time. Dr. Pierce's Golden Medical Discovery has been a blessing to me. My health is now restored, and my whole system seems so run down that I feared a severe sick spell was very much discouraged. I was advised to try Dr. Pierce's Golden Medical Discovery and did so with such satisfactory results that before finishing the third bottle I felt perfectly able to undertake duties attending public school life."

Dr. Pierce's Common Sense Medical Adviser in paper covers is sent free, on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

ARMY OF THE PHILIPPINES.

Society Holds Annual Reunion, at Council Bluffs, Iowa.

Council Bluffs, Ia., Aug. 14.—The third annual reunion of the Society of the Army of the Philippines began in this city yesterday, with nearly 2,000 delegates and veterans in attendance. After a brief reception early in the day the society was called to order in Arcanum hall by President General Irving Hale. Following the address of General Hale routine business was taken up, the session lasting a greater part of the afternoon.

A reception was held at Lake Manawa last night. An address of welcome by Governor Cummins and other addresses by Governor Savage of Nebraska, and General Hale were delivered.

ACT QUICKLY

Delay Has Been Dangerous in East Liverpool.

Do the right thing at the right time. Act quickly in times of danger.

Backache is kidney danger.

Doan's Kidney Pills act quickly.

Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this.

Mrs. Caroline White of 225 Railroad street, East End, says: "I used Doan's Kidney Pills and found great relief from the treatment, although I am 70 years of age, and had about given up all hope of ever being helped.

I took medicine and my back ached just the same, grew stiff and lame when sitting long or when lying in bed and sharp twinges of pain and other symptoms convinced me my kidneys were out of order.

Always on the lookout for anything that might bring relief, when I heard Doan's Kidney Pills so highly spoken of, I got a box at the W. & W. Pharmacy. After using that for a short time I could plainly notice the good effects they were causing. I continued some time longer and gradually but surely improved. I found Doan's Kidney Pills a splendid remedy and advise others to try them feeling confident if they do so they will have no cause to regret it."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold by W. & W. Pharmacy.

PRIEST HIT BACK

Told President Mitchell He Had No Right to Criticize His Sermons.

**HE LAMBASTED LABOR LEADERS**

Priest From Mitchell's Home Protested Against O'Reilly's Allusions to Miners' Leader—Wilkesbarre Operators Think Too Late to Arbitrate.

Wilkesbarre, Pa., Aug. 14.—A number of workmen who were returning from the Woodward mine last night claimed a volley of stones was fired at them, but no one was hurt. A number of boys were seen on a hill near by and it is thought they were the guilty parties.

The owners of the Warnke washery, at Duryea, have asked Sheriff Jacobs to protect their property. A barbed wire barricade was built around the washery. Tuesday night some unknown parties tore it down. A crowd of 500 men and boys collected around the washery yesterday morning, as it was expected operations would be resumed. When a number of deputy sheriffs reached the place the crowd disappeared. It is said an attempt will be made to resume work today.

Condemn Priest's Attack.

The presidents of the local assemblies of the United Mine Workers of the Wilkesbarre district met here yesterday and adopted resolutions condemning Rev. Father O'Reilly, of Shenandoah, for his criticism of the officers of the United Mine Workers.

President Mitchell and the district presidents were eulogized for their efforts to better the condition of the miners.

President Mitchell addressed a personal letter to the Shenandoah clergyman, taking exceptions to certain remarks alleged to have been made by him in his church last Sunday.

Rev. O'Reilly sent a curt reply, saying that Mr. Mitchell had no right to criticize his sermons.

Representatives of the big coal companies here think it will be a useless trip for a committee of the Citizens' Alliance, of Wilkesbarre, to go to Atlantic City to see Senator Quay and have him use his influence with the presidents of the coal-carrying railroads to bring about arbitration. The local operators are of the opinion that it is too late to talk about arbitration now, as those in control of the trade think it can only be a short time until the miners make up their minds to return to work.

Scranton, Pa., Aug. 14.—At a big mass meeting of strikers in Dickson City yesterday District President Nicholls and ex-National Organizer Dilcher bitterly denounced the Father O'Reilly sermon. Mr. Dilcher asserted that the sermon was unwarranted and a tissue of falsehoods. In rebutting the attack made on President Mitchell, Mr. Dilcher stated that the priest at Spring Valley, Ills., President Mitchell's home, had written Father O'Reilly, protesting against his personal allusions to the mine workers' leader and testifying that he was one of the most respected citizens of Spring Valley.

Senators Willing to Help.

Philadelphia, Aug. 14.—United States Senator Penrose yesterday, in discussing the anthracite coal strike, made the following statement:

"Both Senator Quay and myself have always been ready to receive any delegation from the miners and do all in our power to bring an end to the present troubles. For a long time past this question has been receiving our attention, and if there is anything we can do towards settling the difficulties it will be done."

struck because they were getting 3 cents less on a car than other companies were paying.

John Kiel, who killed Joseph Daily at Parkersburg, W. Va., last March and afterward escaped from the jail there, was arrested at Zanesville, O.

Charles Rodgers and William T. Evans, charged with deserting from the United States army two years ago, were arrested at their homes near Emleton, Pa., to which they recently returned.

By the fall of a section of a bluff overlooking the Baltimore and Ohio railroad near Cumberland, Md., two men were killed.

Revival meetings at Monessen, Pa., conducted by A. H. Kayler, of Allegheny City, Pa., are being well attended, and many converts are being made.

Margaret Thomas, aged 9 years, was drowned in the Tuscarawas river at Canal Dover, O.

The store of the Federal Supply company, at Webster, Pa., was robbed of \$175, several revolvers and a quantity of jewelry.

Burglars blew open the safe of the Charleroi, Pa., Brewing company, but got nothing of value.

While leaping from one porch roof to another, in imitation of a circus performance he had seen, 5-year-old Louis Rieber, of Scottsdale, Pa., missed his footing and fell 30 feet, escaping with a broken jaw.

As the result of a grudge, Richard Anderson, a negro, 18 years old, shot and killed Henry Jones, also colored, of the same age, near Connellsville, Pa.

Brownsville, Pa., has 17 cases of smallpox and the disease is spreading. The Rev. Leslie Florence, colored, is charged with concealing the fact that one of his sons was suffering from the disease.

Charles Rush, E. W. Moore and Wesley Allen, Butler, Pa., tobacconists, were arrested on the charge of selling cigarettes to boys under 16 years of age.

While W. H. Kelly, an Altoona, Pa., restaurant keeper, was preparing a meal for a man who entered the place alone, the stranger walked out with the cash register containing about \$25.

A small party of Moros surprised an outpost of the Twenty-seventh Infantry at Camp Vicars on Tuesday.

Sergeant Foley and Private Carey were killed and Private Van Dorn was severely wounded.

E. J. Perry chosen president of Western Pennsylvania Firemen's association, at Jeannette, Pa., Latrobe to get next convention.

Charles Janacki confessed murder in a man named Winchowski, at Cleveland, and implicated wife, who had said Janacki did killing.

Clue in Bartholin Case.

Chicago, Aug. 14.—Inspector Hunt late last night found a woman who declared that at daybreak on the morning following the night in which Minnie Mitchell disappeared in company with William Bartholin she saw Oscar Thompson, driver for a laundry company, and who is now held in custody by the police; John Claffy, the barn boss for the same concern, and a man wearing a banana hat and a dark sack coat, at the corner of Seventy-fourth and state streets, where Minnie Mitchell's body was found. They were going back and forth in the weeds and acting in a suspicious manner. Thompson intimated he might talk today. Bartholin was still missing.

19TH YEAR. NO. 191.

EAST LIVERPOOL, O., THURSDAY, AUGUST 14, 1902.

TWO CENTS.

REGISTRATION LAW IS STILL POSSIBLE FOR EAST LIVERPOOL

Provisions of the General Bill May Be Made to Apply—Solons to Repeal New Act On Railroad Lighting.

From a Staff Correspondent.

Columbus, Aug. 14.—After giving the subject much research Secretary of State Laylin has formed the conclusion that it will be necessary for the legislature to re-enact the election laws which it was thought at first would have to be done. He says that the election boards in all cities save in East Liverpool and Findlay were created under a general law, giving registration to cities possessing a certain population. Special registration acts were passed for the two cities mentioned and both are clearly unconstitutional. The belief obtains that registration can be extended to these cities under the general act.

Right or wrong, Mr. Laylin says, the court will uphold the law under which the fall elections will be held, and no undue alarm need be felt. It is doubtful whether the law abolishing city election boards in Mahoning and Summit counties and placing control of all elections in the hands of the county board is sound. This act was passed last spring.

The code builders have concluded to refer the matter of civil service to the

legislators, leaving them to decide whether it shall go into the code. The state bar committee refused to stand for civil service unless it was provided for cities. The code will make only minor changes in the municipal ownership laws. At present municipalities may own their own light plants, water works, and these provisions will probably be adopted without much revision. Governor Nash has decided to stay away from Representative Querin's clamor, which is to be held at Sandusky today and tomorrow.

The governor proposes to abide resolutely by his former declaration not to expose his code to the scrutinizing glances of the legislators until they assemble August 25. He charges the code builders not to breathe a word to outsiders about what is going into the measure, but the newspapers are still able to chronicle from day to day the doings of the select few who have to do with the code. The bill has to be cut down to 13,000 words. It is expected that the bar association committee will make its report to the governor this afternoon. Of course,

(Continued on Fifth Page.)

FAILED TO PROVIDE FOR HIS FAMILY

Wife of John Walters Told the Squire of Husband's Cruelty and Neglect.

HER LIFE WAS THREATENED

Warrant Issued For the Man Weeks Ago, But He Was Not Captured Until Last Evening—Stands a Chance of a Jail Term.

Walking presumably for the benefit of his health down Market street last evening, resulted disastrously to John Walters. Had he dreamed where his footsteps were leading him there is no doubt he would have taken the Calcutta or Lisbon road for recreation.

He now lingers in the city jail with excellent chances of a trip to Lisbon for commitment in the county jail, all because he walked in the wrong direction.

On July 11 Mrs. Walters appeared before "Squire McLane and swore out a warrant for the arrest of her husband, charging him with the non-support of their two minor children. The warrant was given to Constable Powell, but before the officer could make the arrest Walters had left the city. A few days ago he returned and the constable again started in search.

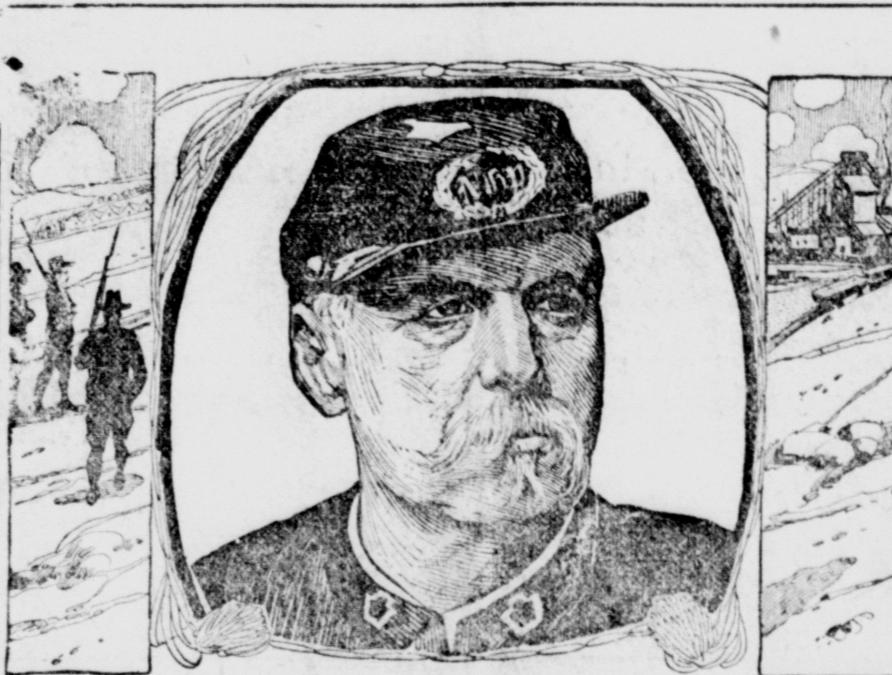

Not knowing the man he was unable to locate him and the police were notified to keep on the watch. It fell to the lot of Officer Aufderheide to first gaze upon Walters. He caught sight of the alleged criminal as he was passing the city hall. Walters was immediately placed under arrest and taken before the squire, who had him committed to a cell until this morning, when he was given a preliminary hearing.

Mrs. Walters was the only witness summoned. She swore that her husband had failed to provide for their children for many months and that he had treated her cruelly upon numerous occasions. Several times he had threatened her life, she said, and had her frightened into hysterics for a month before she swore out the warrant.

The squire decided that Walters was guilty beyond a doubt and bound him over to common pleas court in the sum of \$300.

Labor Day Proclamation.

Columbus, August 14.—(Special)—Governor Nash has issued his labor day proclamation, calling attention to the fact that Monday, September 1, is labor day and requesting that it be generally observed.

GENERAL JOHN P. S. GOBIN, COMMANDING THE TROOPS AT SHENANDOAH, PA.

General John P. S. Gobin, in command of the troops ordered by the governor to Shenandoah, Pa., for the purpose of preserving order, has long been prominent in the affairs of the "Keystone" State. He served in the Union army during the civil war, retiring with the brevet of brigadier general. He was elected in 1884 to the state senate, and during the war with Spain was a brigadier general of volunteers. In 1897 he was elected commander-in-chief of the G. A. R., and in 1898 was chosen lieutenant governor of Pennsylvania. General Gobin's home is in Lebanon, Pa.

WORK TOO MUCH FOR BART BROWN MAYOR AND POLICE ON FUTILE HUNT

After Toiling For Half a Day He Left For Parts Unknown. Searching For a West End Boy Who Was Enjoying Himself at Play.

WAS RELEASED FROM JAIL LEFT MOTHER ON STREET

Recently on His Promise to Behave and to Support His Child as a Father Should—Another Warrant Out For Him. And She and Others Put In Many Hours In Searching For Him—Joy Then Succeeded Despair—Lad's Father Was Killed Recently.

Bart Brown, of this city, who was sent to the county jail a short time ago on a charge of non-support of a minor child, preferred against him in a local court, has escaped from Lisbon, and no one knows where he now is. Taking pity on him, Judge Boone suspended sentence in his case on the condition that he would work for two weeks in the Thomas China plant at Lisbon, and pay a part of his earnings to his wife. He went to the pottery, went to work and then left, after attempting to work for half a day.

Another charge has been preferred against him at Lisbon, and a warrant for his re-arrest is now with Sheriff Leonard. If apprehended he will be sent to the workhouse at Canton for two months.

TO COST ABOUT \$25,000

CONTRACT LET FOR W. L. THOMPSON'S RESIDENCE.

Harvey McHenry, of This City, Will Erect the Superstructure of It.

Architect A. W. Scott yesterday let the contract for the erection of W. L. Thompson's residence on the boulevard, to cost in the neighborhood of \$25,000. The contract for the superstructure was let to Harvey McHenry. The interior work of the new residence will not be contracted for until summer.

NOT READY FOR FALL

Parochial School Will Be in Temporary Quarters Till Building Is Finished.

Announcement is made that the new St. Aloysius' parochial school building on Fifth street, on the site of the old school will not be ready for occupancy until about December. The officials of the church have made arrangements to open their school term at the usual time, September 6, in rooms in the skirt block, on Sixth street. When the new building is completed the number of teachers will be materially increased.

In the past there have been but four teachers employed, but in the new building there will be six, and one music teacher. Work on the new school house is being rushed as fast as possible.

On a Hunting Trip.

Drs. Clyde Larkins and E. L. Trimmer were captains of a company of hunters who took the 1:36 train this morning. They expected to leave the road near Salineville and walk five or six miles to a section which is reported to abound with foxes, black and gray squirrels.

A WARRANT IS OUT FOR THOMAS POTTS ACCUSED OF CRIME

Chief Thompson Believes He Has Evidence to Convict the Man of Chasing and Frightening Little Girls.

Charged with committing numerous crimes, all very serious ones and of the same character, Thomas Potts, married, aged about 30 years, a kiln-drawer in a local pottery and a resident of Railroad street, will be arraigned before the mayor this afternoon or evening, providing he is captured by Chief Thompson and Officer Dawson, who were detailed on the hunt for him at 2 o'clock this afternoon.

A warrant was issued for his arrest by the mayor, it being sworn to by Chief Thompson, who states that he has abundant evidence galore to convict the man of the crime with which he is specifically charged.

In making the information against Potts, the chief alleged that he is the man that has for several weeks been making a practice of frightening small girls. He is positive that he is the man that chased a little daughter of Fred Pennington, of Ravine street; Bunt Ralston's child, of Second street, and three small girls whose names are not known, who were terribly frightened yesterday afternoon while returning from the Laughlin pottery No. 2, where they had delivered

lunches to their parents. The three girls were returning to their homes and stopped along the way to pick some blackberries in an open field. Potts is accused of approaching them and trying to induce them to go on an errand. Instead they commenced crying and ran as fast as their little limbs could carry them.

The man immediately beat a retreat and the little ones, upon reporting the affair to their parents, were instrumental in having the warrant sworn to by the chief. All of the children who have been approached by a man give the same description, and it tallies in every detail to that of Potts. One of the children even called her mother to their front yard recently and identified Potts as her follower. The evidence at hand being so strong the officers anticipate no trouble whatever in proving the charge.

Mayor Davidson states that he is only sorry that the ordinance governing such fiendish actions is so lenient. The most that can be imposed upon a man found guilty of the crime is \$20 and costs.

Potts was arrested shortly before 3 p. m. today.

DISPUTE SETTLED

AND THE STRIKE AT THE RIVER-SIDE POTTERY IS OFF.

Terms of the Agreement Reached at Wheeling Not Yet Made Known.

Wheeling, August 14.—The unfortunate differences between the employees and the management of the Riverside sanitary pottery in the North End were adjusted at a conference between representatives of the two sides held yesterday morning. The men could not act finally for their side, but the agreement entered into was satisfactory to the union, and was ratified at a meeting held at Trades Assembly hall yesterday afternoon.

Just what the terms of settlement are could not be learned, as the men are non-communicative. The agreement was satisfactory to both sides, however, and the men were to return to work this morning. The pottery has been idle notwithstanding there have been a great many orders ahead. About one hundred men and girls were affected.

The strike arose over the discharge of one of the employees. He was an employee who was paid by the men out of their earnings, and they contended that the foreman had no authority either to ask him to do additional work, or to discharge him because he refused to do so. Whether or not this employee will be reinstated under the terms of settlement cannot be learned.

President A. S. Hughes, of the National Brotherhood of Operative Potters, who went to Wheeling yesterday morning to confer with the men and the company concerning the settlement, was expected home this afternoon. It was stated by National Secretary Duffy this morning that until President Hughes returned no one about headquarters knew anything about the terms of settlement. It is the general belief that Beswick, the discharged clay carrier, was reinstated.

Buggy was wrecked

And Its Occupants Hurt By a Plunge Over the Hill.

Charles Ammon and Leslie Barker, both of the West End, are at their homes in a crippled condition, as the result of a runaway accident. They were driving toward Wellsville in a one-seated buggy and had reached a point near Walker, when the horse became frightened and plunged over the hill.

Luckily for them the bank at this place was not very steep and only about 12 feet high. Although bruised considerably they escaped serious injury. The buggy, which belonged to Ammon, was completely demolished.

DIFFERENCES SOON MADE UP

Husband Struck His Wife and Was Landed Behind the Bars For It.

SHE GAVE FAREWELL KISS

And Soon Returned With the Money to Pay His Fine and Secure His Release—Both Left Happy, Walking Arm in Arm.

After preferring a charge against her husband and while he was being escorted to a cell in the city jail from the mayor's sanctum, Mrs. W. D. Gould very suddenly became repentant and rushed after her spouse and gave him a parting kiss before the heavy door was closed separating him from the outside world.

The mayor knew it was all off then. He had imposed a fine of \$10 and costs and was afraid that he would be compelled to send the prisoner to the workhouse without receiving the costs. But when he witnessed the outburst of affection he was convinced that Mr. Gould would not remain long in the cell.

Gould pleaded guilty to a charge of disorderly conduct, but very reluctantly. He could not understand how his wife, with whom he had had many differences, could be worked up to the point of having him jailed for so trivial a thing as using her face for a punching bag. It all occurred in Stetler Myers' notorious place. No referee was appointed to make decisions in the battle, but the large crowd witnessed the melee and betting, it is claimed, ran high at times.

True to the mayor's predictions the quieted wife returned late last evening and put up for the man's fine. Both left arm in arm with the avowed intention of never engaging in a fistic encounter again.

TRACK IS DOWN

For the New Street Railway Which Is to Connect Sebring And Alliance.

The work of construction on the electric railway connecting Sebring and Alliance has about been finished. The track has all been laid, and at the terminus in Sebring a platform for the passengers to alight has been built.

Fourteen carloads of slag were received there Saturday, and these are being hauled out along the line to be used for ballast. A small shifting locomotive has been brought out and put into use for distributing the slag.

FIREMEN GET WEARY

FORBIDDEN BY CITY RULES TO PLAY ANY GAMES.

Would Like the Privilege of Gymnastic Exercise If Nothing Else.

One of the rules by which the city's firemen are governed is now and always has been meeting with the disapproval of the men who are compelled to abide by them or throw off their official robes and step out of the service of the people. The rule is down toward the end of the list and is the only one that the men have a particle of cause to object to. It says: "No games or sports of any description can be played in or about the fire station."

There is no doubt that the rule was made for a good purpose, that of fixing a plan by which the firemen will always be ready for duty. But could it not have been compiled in a manner that would not be so restricting? The men need physical training. By living up to the rule they cannot have it. One of them said last evening:

"We are the only city in the United States where firemen are under salary that are compelled to abide by such a rule. What we want is the privilege to equip a gymnasium department. You cannot imagine how awfully tired we become with nothing to do but chew our fingers and await a call. We are bound to become stupid. No exercise works harder on a man than those who have not experienced such a life can imagine. A punching bag and Indian clubs would help us wear off the monotony. In the larger cities gymnasiums are attached and the firemen are compelled to take so much exercise daily."

It can be seen that the firemen have taken a sensible view of the matter and are moved not by a desire for pleasure, but for health. Council may be asked at the next meeting to provide in some manner for the obliteration of the rule and also for help toward buying the necessary apparatus.

MONESSEN NOT COMING

Instead the Westinghouse Team, of Pittsburgh, Will Play Here This Week.

Corresponding Secretary Travis, of the local base ball team, received word yesterday from the manager of the Monessen team, stating that owing to some difficulty that he recently had with his aggregation, he would be compelled to cancel the dates of this week with East Liverpool. The Monessen team is one of the best in the Pittsburgh district and the fans would have greeted it joyfully.

The team that has now been arranged for to play on the cancelled dates is also a crack organization and will play the home boys a hard game. They are of the East End, Pittsburgh, and are known as the Westinghouse team. Out of a score or more of games played this season they have won all but three, and a Pittsburgh sporting writer states that they are among the fastest in the state.

Increases Made By Decennial Board In Stark Do Not Go.

Judge Ambler rendered a decision at Canton that declared all the work of the decennial board of equalization of Stark county null and void and does away with all increases made by the board to the tax values of the real estate of Stark county.

The returns of the land appraisers, as reported to the auditor, will have to be the basis on which taxes are assessed.

TONE OF THE MARKET FIRMER,

Noted Yesterday, but No Improvement in Activity of Trading.

New York, Aug. 14.—There was no improvement in the activity of the trading in the stock market yesterday, but the tone was firmer and did not reflect the disposition to liquidate on all advances, which was a feature of Tuesday's market. For the most part, however, the representative stocks were neglected and sluggish. The Gould stocks were the most conspicuous in the trading, Missouri Pacific leading in point of activity. There were heavy dealings also in all of the Wabash securities and in Texas and Pacific. The southwestern railroads are expected to gain a special benefit from the large corn crop and the winter wheat crop in that territory is also in a high average condition. The Wabash stocks were especially affected by reports of aggressive steps being taken to secure terminal facilities both in Pittsburgh and in Baltimore for the use of Wabash's eastern extensions. There was a fitful speculation in the soft coal stocks, based upon the benefit felt by that trade as an incident of the paralysis of the anthracite trade.

United States Steel shot up 7% on the news of an additional distribution of \$10,000,000 profits to the underwriting syndicate, thus bringing the total distribution up to \$30,000,000 on actual paid in subscriptions of \$25,000,000. The stock relapsed quickly into comparative inactivity, but with a fractional gain retained.

There were also movements in other stocks and other influences in the market.

It leads—the News Review.

EAST END
A DANGEROUS BRIDGE

One Spanning the Boyce Street Run
in Need of Speedy Repairs.

Residents of Maple and Boyce streets have called attention to the fact that the bridge spanning the run on Boyce street should be permanently repaired before some one is injured and the city asked to pay a damage bill. The claim is made that very frequently of late wagons, being driven across the bridge, have been led through the floor on account of the boards being rotten and unfit for use. The suggestion is made that the entire floor be taken up and a new one placed over the run.

Upon several occasions residents of Boyce street have gone to the bridge and placed barrels and other obstructions on it to prevent teams from being driven over the rotten planks and into the holes in the floor. Tuesday evening a wagon went through the bridge and the driver was compelled to work for over an hour before he released his wagon from the hole through which it fell.

FOUGHT WITH HIS TEETH

Mould Runner at National Pottery Bit a Fellow Workman's Cheek.

There was a little excitement at the National pottery in the East End yesterday afternoon which was the talk of the pottery shops of that part of the city this morning. It appears that a mould runner and a clay carrier in this shop had a few words, which resulted in a fight, which drew quite a crowd. During the trouble the mould runner was bitten on both cheeks by the clay carrier, the latter being the smaller of the two.

The fight ended, the whole affair was made known to General Manager John Stamm, of this shop, and that resulted in the dismissal of the clay carrier. The mould runner was allowed to remain at work.

Strong Foot Ball Team.

The East End will have a foot ball team this fall, of which it will feel proud. Charles Gallagher and Mort Calhoun are now forming a team that will be composed of some of the best the county. Already two plays of players to be found in this section of Wellsville, whose reputations as foot ball players are well known, have been engaged, and several equally well-known players are being sought for. The first practice game will be played within a fortnight.

Footballists to Organize.

Every evening when the weather is favorable a crowd of young men can be seen in Oakland practicing foot ball. There will be at least one foot ball team in the West End this fall. It will be managed by Edward Mountford, and a meeting of all the players will be held, probably the first of the week, for the purpose of selecting the players for the regular Klondike team.

EAST END AFFAIRS.

Mrs. Jake Smith, of Pennsylvania avenue, is visiting Mr. Smith's brother at Mineral Ridge for a few days.

C. E. Kitchen, a glass blower, who has been visiting at the home of Mr. and Mrs. W. C. Smith, of Railroad

Summer Tonic for the Aged

By developing a healthy appetite, aiding digestion and building up the system, **BLOOD WINE** has saved many lives. Why not try it? For sale by

Will Reed, Hodson's Drugstore.

street, for a few weeks, has left for Terre Haute, Ind., where he has secured a position in a glass house.

Clarence Arnold, Marion McArter and Samuel Calhoun left yesterday for Chautauqua, where they will remain several weeks.

A summer car jumped the track at the Mulberry street switch in the East End about 9:30 o'clock last night, causing a short delay to travel.

Mrs. McAllister and two children from New York state will arrive in the East End next Tuesday to visit her brother, W. J. Day, for a few weeks.

NEW HARVESTER COMBINE.

Statement Said Combine Was Effect ed to Prevent Having to Ad vance Prices.

New York, Aug. 14.—The incorporators of the International Harvesters' company, articles of incorporation for which were filed Tuesday in Jersey City, yesterday made public a statement, which says in part:

"The International Harvester company has been organized under the laws of New Jersey with a capital stock of \$120,000,000 to manufacture and sell harvesting machinery. It has purchased the property and business of the following manufacturers:

"The McCormick Harvesting Ma chine company, Deering Harvesting company, Plano Manufacturing company, Warder, Bushnell & Glessner company (Champion) and Milwaukee Harvesting company.

After alluding to the advance in prices of raw material and the possi ble consequent advance in the price of harvesting machinery, unless economies in existing conditions of manufacture could be accomplished, the statement continues:

"The manufacturers realize that their welfare and the interests of the farmers are identical. An advance in the price of agricultural machinery would injure the farmers and react upon the manufacturers. But on the other hand if existing conditions continued an advance in prices would be inevitable. It thus became necessary that either the prices should be advanced or that substantial economies should be effected in the manufacture and distribution of agricultural ma chinery."

The officers of the company are as follows: President, Cyrus H. McCormick; chairman executive committee, Charles Deering; chairman of the finance committee, George W. Perkins; vice presidents, Harold F. McCormick, James Deering, William H. Jones, John J. Glessner; secretary and treasurer, Richard F. Howe; board of directors, Cyrus Deering, Paul D. Cravath, William Deering, Charles Deering, James Deering, E. H. Gary, John J. Glessner, Richard F. Howe, Abram M. Hyatt, William H. Jones, Cyrus H. McCormick, Harold F. McCormick, Stanley McCormick, Eddridge M. Fowler, George W. Perkins, Norman B. Ream, Charles Steele and Leslie D. Ward.

COUNTY AND NEIGHBORHOOD

Adam Brinkey, aged 62, a prominent citizen near Dungannon, is dead.

The Democratic primaries in Stark county will be held Saturday, August 23.

Willis Cope, of Smithfield, father of Rev. T. J. Cope, of Salem, is dangerously ill.

Mrs. J. R. Stock, who died at Alliance, aged 79, was a former resident of Lisbon.

Miss Lillie Dowling, while running to catch a train, fell and dislocated her right knee at Sebring.

Mrs. L. N. Steele died at the home of her daughter, Mrs. Charles Silver, in Portland, Ore. She was a life long resident of Salem.

O. A. Hoopes, of Hanoverton, accidentally ran a nail into his foot and has a bad wound. He is street commissioner of that village.

Na'hon Bostick, a Pennsylvania company brakeman whose home is at Millersburg, was badly injured by falling from a train at Alliance.

Joseph Haessley, of East township, Carroll county, is dead, aged 85 years. He lived near Millport and was one of the influential citizens of that section.

The residence of William Yeagley, two miles east of Homeworth on the Reading road, was entered by unknown parties and over \$100 in money was taken.

The annual reunion of the Blackburn family will be held Tuesday, August 26, at the farm of Nathan Blackburn, midway between Middleton and New Waterford.

Assignee's Sale Ordered.

Lisbon, August 14.—(Special)—E. P. Speidel, of Hanoverton, as assignee of W. C. Anthony, of that town, has been ordered by Judge Boone to sell the personal property assigned.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery), says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Alvin H. Bulger.

There's no soaking required if you use Mrs. Austin's Quilek Lunct Taploca. Ready in a minute. Your grocer can supply you.

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You may prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get the reliable remedy at Charles F. Craig's.

Get Green's special almanac.

Rod Cross Ball Blue has the largest sale of any blue in the world. Highest quality at a reasonable price the reason.

Round Trip Tickets

At exceedingly low rates will be sold to Colorado, Utah and the Pacific coast, via the Missouri Pacific railway on certain dates during May, June, July and August. CROWDS ARE COMING

To See the Noted Specialists, of Philadelphia, Pa. They Will Be at the Thompson House Three More Days

THURSDAY, FRIDAY AND SATURDAY,
AUGUST 14TH, 15TH, AND 16TH

In Order to Introduce Their New Treatment They Will Give to All That Call on the Above Dates Consultation, Examination and All Medicines Necessary to Complete a Cure Free.

The first being an advertising trip to introduce their new system they will give to all who call on the above dates, consultation, examination, advice and all medicine necessary to complete a permanent CURE—FREE. It will be expected of all patients taking advantage of this offer to state to their friends the result obtained by their new system of CHRONIC DISEASES AND DEFORMITIES.

It is very seldom that a community so situated as the one in which we live has the privilege of consulting such renowned specialists, who are in constant attendance to wait upon you, diagnose your case and give you the benefit of their medical knowledge. There is no experimenting or guess work. You will be told whether you can be cured or not. If your case is curable they will treat you; if incurable they will give you such advice as to prolong your life.

They treat deafness by an entirely new method, and hearing is restored at once. \$100 forfeit for any case of deafness that we fail to make hear from the first treatment. CATARRH in all its VARIED FORMS cured so it will never return, by breaking up the cold catching tendency by the electrical absorption of medicine. If you have weak lungs or consumption do not fail to be examined.

The new discovery of absorbing medicine by electricity in paralysis, loss of manly vigor, rheumatism and all diseases of the nervous system, including EPILEPSY, is a God-send to suffering humanity. Medical men stand amazed at the marvelous cures that are being effected wherever this system is being introduced. Thousands who have given up all hopes of ever being cured now have an opportunity of a life time to consult doctors of a national reputation. Remember their knowledge of medicine combined with electricity gives them control of diseases that others do not possess. If you have WEAK EYES, come and see the greatest AMERICAN and EUROPEAN EXPERT OCCULIST. He with his remarkable discovery cures all those afflicted with failing eyesight, cata racts or functional blindness. The blind made to see by our entirely new method. No experiments. Come and test it for yourself. Eyes expertly tested and treated. ALL THIS IS FREE OF CHARGE. WE STRAIGHTEN CROSS EYES TO STAY STRAIGHT BEFORE YOU LEAVE THE OFFICE. NO KNIFE. NO PAIN. This is done by our new system.

Don't fail to call on these eminent specialists, as a visit costs you nothing and may save your life.

If you suspect kidney trouble, bring two-ounce vial of your urine for chemical and microscopic analysis.

To early, as their offices are always crowded. If you are improving under your family physician do not come and take up their valuable time. They wish to give each one plenty of time, but cannot listen to long stories not pertaining to your case. The rich and poor alike treated.

NOTICE—Morphine, cocaine, laudanum, opium, tobacco and liquor habits cured in a short time.

Not only has immigration increased during the past year, but the proportion of illiterates among the new arrivals has been much greater than usual. The immigration laws ought to be amended, as has often been proposed, so that no alien should be allowed to land who possesses no property and is not able to write or speak English. The intelligent foreigner is always welcome. The illiterate helps to fill our jails and poorhouses.

Virginia has at last awakened to the disgrace of suffering lynch law to hold sway. A dozen arrests have been made of men supposed to have taken part in the unlawful hanging of a colored man, and they will be tried as fast as possible. A few prison sentences will do more to discourage this form of barbarity than any amount of preaching against it.

C. M. Schwab is reported to have made \$18,000,000 on a recent deal. Allowing a liberal percentage for exaggeration, it must be conceded that he is doing fairly well for a young man, though probably he will have to live and learn before he can trot in J. P. Morgan's class.

The news that Secretary Shaw is to make campaign speeches in this state is welcome intelligence to Ohio Republicans. Mr. Shaw is an able, common sense speaker, and his position enables him to speak with authority on the most eloquent of campaign texts, prosperity.

The indications are that the city of East Liverpool will discard village ways and adopt street signs. The improvement will cost little and will be highly appreciated both by residents and by visitors. It should have been made long ago, but it is better late than never.

The Canadian manufacturers' convention, which is discussing the question of how best to meet Yankee competition, should change its base of operations to this side of the line, and its task would then be easier.

A fusion candidate for congress in Kansas charges people for the privilege of hearing him speak. If he is elected Kansas will become the Mecca of the chronic candidates.

President Roosevelt, if he takes any notice of Bryan's rantings, can console himself by reflecting that the Ne-

Hood's Pills

Do not gripe nor irritate the alimentary canal. They act gently yet promptly, cleanse effectually and

braska editor is just as mad as the only living ex-president.

Every indication points to a phenomenally good fall business. Even now there is no dull season, save with merchants who do not advertise.

The legislator who expects to see a code bill enacted that will please the Democrats has so little sense that it is a wonder he was ever elected.

Editor Bryan has been long enough in the newspaper business to discover that the money question is of prime importance.

It is hard to tell which is the most foolish—May Yohe, or her lovers, or the newspapers that devote columns to both.

The reaper manufacturers, having formed a \$120,000,000 combination, doubtless expect to reap a golden harvest.

President Castro, of Venezuela, still holds his job, though he would doubtless get away from it if he could.

OBITUARY

Daniel Cline.

Daniel Cline, aged 56 years, a member of the Grand Army, and one of the best known carpenters of the city, died suddenly at his home in Calhoun's addition, East End, at 5 o'clock this morning. Mr. Cline was feeling quite well yesterday and was working at his trade as usual. During the night he suffered a stroke of paralysis, which caused his death. Mr. Cline was twice married and of his first marriage five children were born. He is the father of one child by his second marriage, and he is survived by his wife and six children. The funeral services will be held at his late home tomorrow afternoon at 2 o'clock, interment being at Riverview cemetery. The service will be in charge of Rev. G. W. Orcutt, of the East End.

Andrew Hurford.

Andrew Hurford, aged 85, long proprietor of the Hurford House, at Canton, is dead. Six children survive him. He was born in Canton, and was the oldest native resident. He was once engaged in operating a steam flour mill in Wellsville with his brother. He was a contractor and helped to build the C. & P. railroad.

THE "THOMPSON" AT FIELD'S

[From the Musical Times, Chicago.]

The Thompson piano is already at Marshall Field & Co.'s great store.

But this does not mean that Marshall Field & Co. have gone into the piano business.

It means that they wanted a piano for their new Ladies' Rest Room, and they selected the Thompson, of this city, and paid for it, and the piano is now at home amid its beautiful surroundings and where it will be seen by thousands each day.

The piano is the largest and handsomest style (M) manufactured by Thompson & Co.

It makes a decidedly attractive picture in the magnificent room and must be of great value to the factory by reason of its prominent position.

We congratulate Mr. Thompson on having made so beneficial a sale.

Smith & Phillips handle this popular piano.

HOME AFFAIRS.

brief Notes of a Personal Nature and of Matters About Town.

Concert at Wellsville — Manley's band, of this city, will give a concert at Wellsville Saturday afternoon and evening, for a lot sale.

Orchestra Conductor—Prof. Albert Hatch, of this city, has signed a contract with Manager James A. Norris, of the opera house, to conduct the orchestra at that place during the seasons of '02 and '03. The orchestra will be composed of seven pieces.

Purchased a Trotter—While at Maysville, Ky., a few nights ago, Taylor Larkins, of this city, purchased a four-year-old horse, which, in the opinion of many, has a bright future. It is a trotter and will be placed on the local track, as it is "green." It is expected to make a good showing.

Real Estate Sales—Through the E. W. Hill agency Frank Crawford and others have sold to Dennis T. McCarron, property on Seventh street for \$3,500. Through the same channel, Hannah Bloor has sold a residence on Avondale street and Calcutta road to Dr. Lemmon, of Calcutta, for \$3,000.

Mr. and Mrs. Lescallete, of Pittsburg, are visiting Mr. and Mrs. C. W. Hoppel, of Oak street.

Mrs. George and family left today for Hollow Rock camp ground where she will spend a few weeks.

Mrs. Robert Hawkins, Miss Ethel and Rolland Hawkins left today for their new home at Barberville.

Mrs. J. B. Coleman and family, left today for Hollow Rock, where they will remain for several weeks.

A. D. Stanley, C. E. Green and T. F. Hanley are visiting Washington, D. C., and Atlantic City for two weeks.

James McMillan, of Lincoln avenue, who met with serious injuries two weeks ago, is again able to be on the streets.

Misses Vaille and Myrtle Powell left this morning for Grafton, W. Va., to visit their grandparents for a couple of weeks.

Rev. Father T. M. Smyth will leave next Monday for Cleveland, where he will remain a week attending the biennial retreat of priests at St. Mary's seminary.

Mrs. A. F. Lohman, of Mingo Junction, and Mrs. West Lentz, of Steubenville, have returned home after spending several days with their brother, C. W. Hoppel, of Oak street.

James E. Ryan, who has been an instructor to R. E. Ferrall in the night ticket and freight work at this station, has been called to Martin's Ferry to relieve the agent there for three weeks.

Misses Alice and Mabel Denning, of Ravenna, who have been visiting Mr. and Mrs. Thomas Cannon, of Sixth street, for a few days, have returned to their home. Mrs. Stapleton, of New York city, who has also been a guest for a few weeks, has returned to her home.

An Enjoyable Party.

Mrs. Chal Peterson very pleasantly entertained a large company of children at their home on Gaston avenue in honor of Miss Edith Aylen, of St. Louis, Mo., who is her guest. The Peterson home was very artistically decorated in ferns and flowers and in the dining room roses of a handsome variety were used. The little people spent the evening in playing all sorts of games. Choice refreshments were served.

Wellsville Couple Wedded.

Miss Amelia R. Parker and George T. Wright, both of Wellsville, were married last evening by 'Squire McCarron and will go to housekeeping there. The groom is a steady and industrious young man employed at the rolling mill, and his bride is an estimable young lady.

WELLSVILLE**THREE WERE KILLED**

By One Train In One Day and All Were Tired Out Railroaders.

It is reported here that train No. 309 on its regular run Tuesday morning struck and instantly killed three men in the same manner at different points along the road. The engine was in charge of Engineer Edward Fuller, but no blame can be laid upon him. All the victims were railroaders, and one was L. G. Cox, killed at Wellsville. The others were killed at Rochester and Steubenville. All were sleeping on the track, because of long hours at work.

REPORTED OFF

It Is Now Said That the Proposed Prize Fight May Not Be Held.

The statement was made yesterday afternoon by one of the local sports that the Lutz-Bunting fight had been called off because of Bunting's backers refusing to put up more money to pay the trainers. The trainers have left the city, and Bunting, if he intends to fight Lutz on the 21st of the month, will have to superintend his own training.

Rent Dispute Settled.

The last check for \$20 which was received by the city council from the Columbian County Telephone company, was accepted. This goes to show that the city will not push its claim for \$15 per month for the room occupied by the telephone exchange. The \$30 pays the rent for July, August and September. A representative of the company stated last evening that if the matter comes to a law suit the telephone company will hold its own, having a lease on the room for five years, with privilege of extending it for ten years.

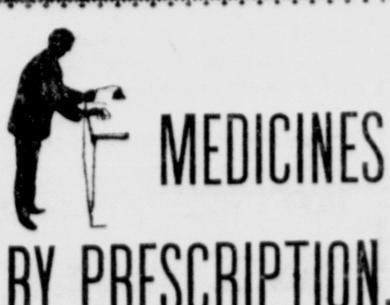

Electric Lights May Go.

If the new municipal code bill compels and street and steam railways to light up all tracks in all towns along the line of route of their road, it is thought that when the present contract with the electric light company expires in 1903, here will be no more electric lights in the city excepting those provided by the railways. A councilman is experimenting with a new gas lamp, which, it is claimed, makes more light than electricity, at a cost of only \$12 a month.

Thomas Patterson, better known as "Peck," was arrested by Officers Thorn and Elliott for being drunk and disorderly. He was fined \$4.60.

New Job of Paving.

Contractor Harrison Rinehart, of East Liverpool, with a large gang of men started this morning to tear up the partially paved Kelly avenue, preparatory to putting down a first class

This is our main work. We are favored by the leading physicians because it is evident that we do the work well. pavement, the work on Lisbon street having been completed. It is expected by the street paving inspector that the work will be completed by next Tuesday afternoon.

WELLSVILLE SHORT STORIES.

C. Berg is visiting friends in Jamestown, N. Y.

Miss Eva Burnett left last night for a visit of a few weeks.

Miss Beardsley, of Pittsburg, is the guest of friends in this city.

H. C. Leavenworth is the guest of his mother in Norwalk, W. Va.

John McSweeney left yesterday for Wilmington, Del., to visit friends.

Mrs. H. A. Fraser and daughter are the guests of friends in Decatur, Ill.

Miss Myrtle Thomas has returned from a visit with friends in Cleveland.

Mrs. Maggie Figgins, of Columbus, is the guest of her sister, Mrs. B. F. Davis.

Mrs. J. Kelly and family are visiting friends in Leetonia for a few weeks.

The Misses Erla and Anna Morrow went to Pittsburg yesterday to visit friends.

Mrs. Presley Boyd, who resides in the country four miles west of the city, is very ill.

Miss Wilhelm, of Fourteenth street, went to Salineville last evening to visit relatives.

Miss Katherine Boring has returned from a two weeks' visit with her parents in Pomeroy.

Mrs. Frank Miller is entertaining her sister, Miss Grace Clark, of Osage, O., for a few days.

Miss Sadie Noble is entertaining Miss Anna Jenkner, of Turtle Creek, Pa., for a few days.

Mrs. James Marsh and two children, of Tenth street, went to Pittsburg last evening for a visit.

Miss Laura Anderson went to Toronto yesterday to visit her sister, Mrs. Thomas Swearingen.

The Adams Express company is now in its new building at the rear of the Third street depot.

Mrs. George Hamilton, of Lincoln avenue, went to Salineville yesterday to visit friends for a few days.

Miss Annie Brookes, of Cleveland, is the guest of Mr. and Mrs. J. W. Riley, of Fifth street, for a few days.

George Schied, of Fourteenth and Main streets, is expecting his brother, Clark Schied, of Ft. Wayne, to visit him.

Charles Caruthers has accepted a position in the C. & P. railroad yards at Bellaire, and left for that city yesterday.

Miss May Hughes, of the Hotel Metropole, left today for Atlantic City, where she will remain for the next ten days.

Mr. and Mrs. Leslie Cooper, of Cleveland, is visiting at the home of his mother, Mrs. Mary Cooper, of Broadway.

Mrs. Mary Wilson, who has been visiting her father, John Davis, of Main street, returned last evening to New Cumberland.

Mrs. John Wilson, of Tenth street, has left for Akron, where she will visit her daughters, Mrs. John Clark and Mrs. Sylvester Kidd.

Misses Gertie and Marion Everson, Lettie Whitten, Anna McCormick, Jennie Hamilton and Minerva Ingram left this morning for Niagara Falls.

Sherman Henderson, of Fourteenth and Commerce streets, has returned from West Virginia, where he has been employed for the past 10 months.

The Ladies' Aid society, of the First Christian church will hold a lawn fete this evening at the home of Mrs. George Elliott, on Main street. Ice cream and cake will be served.

Miss Edna Martin, who had her hands badly mangled between two freight cars at the United States pottery yesterday, is able to be out of doors. Her injuries are very painful.

Walter Sweet, of Norwalk, and Emetine Garvis, of this city, have been granted a license to marry. Squire Haney will perform the ceremony. Their acquaintance, it is said, has been brief but romantic.

Go to P. H. C. picnic, Cascade park, Aug. 20. Fifteen hundred from Canton and Massillon.

191-m

Ladies who take pride in having clear white clothes should use Red Cross Ball Blue. Large package 5c. at grocers.

THE UNTERRIFIED**LIST OF DEMOCRATIC CENTRAL COMMITTEEMEN.**

Prominent Members of the Party Are Included In the List.

Lisbon, August 14.—(Special)—The following are the names of those composing the new Democratic central committee:

Butler—B. F. Campf, Winona; Geo. Little, Salem; Enos McCluggage, Salem.

Center—Northeast precinct, H. A. March, W. S. Potts, Chas. McCaskey; northwest precinct, Bert Burns, W. E. Fisher, John Wilson; southeast precinct, Josiah Bennett, W. H. Spence, C. Hume; southwest precinct, John Robinson, G. W. Chamberlain, Claude Albright.

Elkrun—R. M. Patterson, Elkton; J. Dickey, Signal; D. A. Montgomery, Elkton.

Hanover—South precinct, E. P. Speidel, F. Sheraw, Frank Speidel, Hanoverton; north precinct, W. F. Butz, C. D. Speidel, Samuel Humphrey, New Garden.

Franklin—Homer Laughlin, John Fife, Herbert Norris.

Fairfield—East precinct, B. Renkenberger, S. W. Tidd, S. Thomas, Columbian; west precinct, J. F. Jewell, D. Beard, S. H. Zellars, Columbian.

Knox—Dr. J. M. Ernst, E. C. Saffel, F. J. King, North Georgetown.

East Liverpool—First ward, Walter Stewart, Andrew Bruegel, John McHenry, Thomas Lynch; Second ward, E. D. Cook, W. E. Morrow, J. A. Morrow, J. C. Walsh; Third ward, W. S. Cook, George P. Ikert, M. E. Miskall, F. S. Williams; Fourth ward, F. L. Fisher, T. J. Duffy, Joseph O'Reilly, J. H. Tracy; Fifth ward, J. J. Weisend, M. W. Elliott, W. H. Frederick, George Culbertson.

Liverpool township—Peter McDevitt, Joseph Walters, M. G. Martin, East Liverpool.

Madison—Dan McBane, Glasgow; J. H. Mick, Glasgow; Dr. W. M. Gilmore, West Point.

Middleton—Frank Rudibaugh, Mill Rock; David Taylor, Rogers; W. C. Warrick, Clarkson.

Perry—Not reported.

Salem—South Leetonia precinct, T. S. Arnold, O. C. Stive, C. W. Klein; north Leetonia precinct, C. J. Sullivan, A. J. Sevenick, Ed W. Holtz; Washingtonville precinct, Jonathan Longbottom, John Summerville, C. E. Beretonne; Franklin square precinct, H. B. Lodge, V. T. Shelton, John D. Crowther.

St. Clair—J. N. Mahaffie, S. A. Rambo, T. F. Starkey, Calcutta.

Unity—Unity precinct, George E. Cross, John Wilhelm, E. Lantenshoffer, Unity; New Waterford precinct, J. H. Koch, J. B. Eyster, P. V. Vongole, New Waterford.

East Palestine—East precinct, D. W. Moore, H. C. Forney, M. Barry, East Palestine; west precinct, W. J. Foley, Adolph Mascher, T. J. Morrow.

Washington—North precinct, William Long, Joe Baum, W. H. Gould; south precinct, Frank Pedlar W. B. Randolph, P. R. Baker.

Wayne—Not reported.

West—East Rochester precinct, Albert Ruff, A. C. Smith, J. M. Snyder, East Rochester; New Chambersburg precinct, E. C. King, D. F. Hawn, Levi Glass, New Chambersburg.

Yellow Creek—John Rose, Wellsville.

Wellsville—First ward, Frank Lowary, A. P. Dennis; Second ward, W. R. Lawson, J. M. Burdock; Third ward, Howard Weaver, Windon Burnett;

Fourth ward, N. R. Grafton, W. D. Moore; Fifth ward, Dallas Pittenger, James McLean.

Persons Leaving the City

During the summer can have The Evening News Review mailed to them. Terms, 10 cents per week.

If you are going from home for a week or more be sure to have The News Review sent you and thus keep posted on home events.

Change of address may be made as often as desired. When a change is ordered the old as well as the new address should be given.

General Insurance and Real Estate. First National Bank Building, East Liverpool, O.

SOUTH SIDE**THE KILTIES' MUSIC**

Was Superb And Large Audiences Heard It With Delight.

If the band of the Gordon Highlanders, of Canada, otherwise known as the "Kilties," ever returns to this vicinity, it will assuredly be given a cordial welcome. At the concerts given at Rock Springs park yesterday afternoon and evening it was greeted by large and enthusiastic crowds and there were almost limitless encores, to all of which the musicians responded willingly. The "Kilties" are certainly accomplished musicians, and their programs unsurpassed for popular concert purposes.

Not only do they play the familiar and tuneful Scotch airs in a manner to delight all lovers of old fashioned melody, but they play American, German, French and Italian music with the same facility and correctness. The dancing and singing features were first-class. The "choir" was compelled in the evening to respond to two encores, giving "Dixie" and "Sweet Adeline" in excellent style. The melody of Highland airs with the bagpipe accompaniment was one excellent feature while the trombone solos of Henry Howe were another and a most masterful performance. The large audience listened with the closest attention to the entire program, prolonged to twice its ordinary length by encores, and found it all delightful.

STREET PAVING

Still One of the Most Important Matters to Come Before Chester Council.

A meeting of the Chester council will be held this evening in the city hall on Fourth street. For this reason Mayor John Shrader, who has been spending a few days with his wife and daughter at Atlantic City, was compelled to leave that resort and return to Chester. Some Chester people say there is a big lot of business to consider this evening, while others claim they cannot see it that way.

One matter that will be talked over tonight is the street paving and the bond issue. While the bonds have not been sold the honored members of council want to tally over the expenditure of so large an amount. It is to be hoped that the street paving will be started so that it can be finished this fall. If Carolina avenue is not paved this fall, that street will be a sight during the winter season, and all sorts of complaints will be made by teamsters and others who have occasion to use the street.

A GOOD GAS WELL

Struck By the Line Island Gas Company on the Kinney Farm.

On the Kinney farm, adjoining Lawrenceville a big gas well was struck last evening by the Line Island Gas company. The well was drilled by McCoy Bros., and the gas struck at a depth of about 1,100 feet.

They will shoot the well this afternoon to settle the question whether it will be an oil producer or simply a gas well. There is a favorable showing for oil. The gas wells which supply the Klondike pottery are in the same neighborhood.

Damaged a Buggy.

Motorman Thompson, of the Rock Springs railway is having a run of bad luck. Yesterday he accidentally struck another buggy with his car, smashing it considerably. In the buggy were Samuel Conkle and a lady friend, and it is said the buggy was being driven too close to the track and was struck by the running board of the car. The occupants were thrown out, but were not injured to any extent. The horse was scratched in a

few places, and the buggy was so badly damaged that it was almost useless.

WITH THE WORKMEN IN THE CLAY PLANTS

WONDERFUL CHANGES.

While the matter has been kept exceedingly quiet, the fact leaked out today that within the past 10 days one of the most prominent concerns of the city placed orders for new models, which, when completed, will cost anywhere from \$1,000 to \$2,000. It is said that every modeler in the city was favored with an order, and at the same time instructions were given that their best efforts should be put forth. This firm proposes to place an entirely new line of shapes on the market, and these are to be decorated with special designs which are now being made. The order for models includes toilet shapes, dinner sets, jardinières and pedestals and several other articles. The decision of the company to place an entire new line of shapes on the market was not made suddenly, but after due and careful consideration. It is thought the models will not be completed for a month or more, and as soon as possible they will be given to the moldmakers of this shop. It is thought by some of the officials of this firm that the new shapes will be presented to the trade by the first of October. While the firm will push the new line, it will by no means cast aside the designs that it is now making and on which it is enjoying a most excellent business.

WILL SOON BE READY.

Work on the new plant of the Champion Clay company up Rowe's run, is progressing rapidly, and it is expected that within a month the plan will be ready to operate. Some of the buildings about the plant have been completed, while others are only partially so. Most of the machinery is in place. Two machines will be used to press the bricks, having a capacity of 75,000 brick daily. Another important piece of machinery is the re-pressing machine, this will have a capacity of 20,000. The dryer is one of the largest in the country, holding 174 cars. Four gas wells will supply fuel to the works. Two were drilled by the company and two were purchased from Pittsburg parties who drilled them some time ago. These have a pressure of about 100 pounds. Nearly two miles of 5½ inch pipe is used to convey the gas from the wells to the works. The main engine has a capacity of 175 horse-power. There will be 16 kilns, holding 85,000 brick. About 80 men will be employed and crews are now being made up.

COOL TREATMENT.

There came a man into the office of an uptown pottery yesterday morning, and to the man at the desk he said: "Have you got any odds and ends in decorated ware?" "Not an odd end," said the man at the desk. The fellow said good morning and went out. "That is a pretty chilly way to treat a buyer," said the man at the desk to a reporter, who happened to be in the office at the time, "but it was the truth. We sell all we can make, and could sell more if we could make the ware. Large jobbers take all our

output, and that is all we have to make. A firm that can sell its entire output ahead is surely doing business, and there are said to be several factories in this part of the country that are working under such conditions. During the past few days quite a number of buyers have been in the city, looking for all 'job lots' that were available."

ALL CAST ASIDE.

Oliver H. Sebring, who has been in the city for a few days visiting his daughter, who is very ill, returned home yesterday afternoon to Sebring. When asked if there were any new plans for the forming of a syndicate among the pottery manufacturers of the country Mr. Sebring said:

"The impression was abroad that we were backing Trainer and Irwin, of Chicago. There was nothing in it at all. We liked their suggestions or plans and that was all there was for us to do. I think yet that the plan suggested by the Chicago men was logical, but there seemed to be too much money at stake for the promoters. Some day, I think, there will be a syndicate of potters formed, but when, some person other than I will have to answer."

FLAT WARE AGAIN.

At the meeting of Kilnmen's local No. 9 tomorrow evening much will be said relative to the dispute that is expected to be settled soon relative to the placing of flat ware in the first ring of the biscuit kilns. Another meeting of the joint committee representing the kilnmen and the manufacturers will be held one week from next Monday evening, and the purpose of the discussion tomorrow evening is to further plans for a satisfactory settlement.

READY FOR LABOR DAY.

At a meeting of Warehousewomen's local No. 62, which will be held one week from this evening in the hall on Washington street, arrangements will be completed for the part this local will take in the Labor day demonstration. It has been decided that the glost and biscuit warehouse girls shall occupy separate floats, and on these display their trade in the best possible manner. The display will be interesting to say the least.

NEW RESIDENT.

Albert Angle, one of the firemen at the Laughlin plants in the East End, who came there from an East Palestine pottery several weeks ago, has decided to remove his family to the East End. This he expects to do in a week or so. The family will occupy the residence on Railroad street now occupied by Elmer A. Stevenson, which will be vacated soon on account of Mr. Stevenson moving to Mechanicstown, where he will open a general store.

RETURNED TO WORK.

After spending several months at Mt. Clemens, Mich., for the benefit of his health, Ralph Alcock has returned to this city a well man, and has taken his former position in the decorating department of the Dresden pottery. Mr. Alcock had been ill since last winter and made several trips to Michigan for his health, and all were successful. He is now in better health than he has been for many years.

THEIR ANNUAL PICNIC.

At a recent meeting of Warehousewomen's local No. 62, arrangements were made for the annual outing, which will be held this year at Rock Springs park August 22. This will be the first picnic of this local since it was admitted into the National Brotherhood of Operative Potters, and it is the intention of the members to make it one of the successes of the season.

HEALTH IMPROVING.

H. P. Knoblock, of the Dresden pottery, who has been confined to his home for the past 10 days on account of illness, is now able to be out. He is not paying much attention to business affairs just now, but rather taking a short but much needed vacation.

AMONG THE POTTERS.

Taylor Smith & Taylor's pottery is running every night this week. It will make six kilns this week, and all night runs are for glaze.

Charles Wright, a batter-out at the Harker pottery, is confined to his home in the East End by an attack of malaria. He is employed by the saucer jiggerman.

Jack Hendricks is a new kilnman at the Diamond, on the glost end. Another addition will be made to this crew next Monday, when Jack Clark, now working on the glost at Vodrey's, will leave that shop and start at the Diamond.

Lynn Earl's home on Seventh

EMBEZZLERS FREED.

Canadian Judge Turned Loose
Gaynor and Greene, at
Quebec.

WARRANT DECLARED ILLEGAL.

Charge of Fraud Committed In 1897
Not Extraditable Under the Treaty
of 1900—Understood New Proceed-
ings Will Be Instituted.

Quebec, Aug. 14.—Colonel John F. Gaynor and Captain Benjamin D. Greene scored a decisive victory yesterday in their fight against extradition to the United States, where they are wanted in connection with alleged frauds in harbor work for the federal government involving millions of dollars. Judge Caron, in the superior court, discharged the prisoners from the custody of Sheriffs Langeller, of Quebec, and Valee, of Montreal, in whose official care they have been since their sensational arrest in Quebec last May. A large number of the prisoners' friends were in the court room and they heartily congratulated the two men upon their release. Colonel Gaynor and Captain Greene left the court room soon after Judge Caron had concluded and proceeded to the chateau Frontenac. Colonel Gaynor, who is suffering from rheumatism, retired to his room.

It is understood that the United States government will institute new proceedings for extradition, but up to a late hour last night no step had been taken by counsel representing the Washington authorities.

Judge Caron Gave Reasons.

Judge Caron, who spoke in French, occupied about two hours in delivering his judgment. In reviewing the legal proceedings since the arrest of the two prisoners, he pointed out that their counsel had raised an important question to the effect that the warrant issued by Magistrate Lafontaine was illegal on the ground that it did not contain the date nor the year in which the alleged offense had been committed. He could not presume when the offense was committed, and it may have been previous to the signing of the treaty between the United States and Great Britain, and so the accused could not be held, as the treaties had no retroactive effect.

According to a deposition made in Montreal by Mr. Erwin, counsel for the United States, in May last, contained in the affidavit of Judge Caron, the accused were charged with fraud committed on or about Jan. 1, 1897. That crime was not included in the treaties and that of receiving money under false pretenses was only included in the treaty of 1900. This was fatal to the prosecution, and the warrant issued by Judge Lafontaine was defective, as the offense included therein did not fall under the extradition treaty, consequently the arrest was illegal and the accused must be set at liberty.

PRINTERS' CONVENTION.

Priority Law Passed—Hours of Labor Restricted.

Cincinnati, Aug. 14.—The convention of the International Typographical union made many changes in its laws yesterday. After providing Tuesday for the oldest substitute getting the first vacancy, it yesterday restricted the hours per week to a maximum of 54, put evening papers with Sunday editions on the evening basis, and made many minor changes.

An effort to include superintendents as well as foremen in the membership failed.

It developed that there will be strong opposition among the delegates to endorsing the newly organized international ladies' auxiliary, although there is no opposition to ladies' auxiliaries.

The convention became very animated over an "alleged factional fight" that was precipitated by the Indianapolis union, and showed its conservative spirit in defeating a proposition to prohibit any member from belonging to the militia.

The visiting ladies held secret meetings both morning and afternoon and effected a permanent organization of the international women's auxiliary to the I. T. U. by electing the following officers:

President, Mrs. Frank Kennedy, Omaha; vice presidents, Mrs. Lousier, Nashville; Miss Mary Crowley, Cincinnati; Mrs. M. U. Crowley, Milwaukee, and Mrs. Herman Matthews, Omaha. Mrs. Donnell, of Cincinnati, was elected secretary-treasurer.

Opposed to Doctor's Appointment.

Berlin, Aug. 14.—Dr. Schweninger, who treated Prince Bismarck to reduce that statesman's flesh, has been appointed professor of the history of medicine at Berlin university. Prince Bismarck was so grateful that he tried to have Dr. Schweninger appointed nearly 20 years ago, but university circles raised a protest.

Dr. Schweninger was Bismarck's physician up to the prince's death, living at Friedrichsruhe. Medical professors of a number of universities are circulating a protest to the government against the appointment, asserting that Dr. Schweninger has never written or taught on the subject of medical discovery.

GOVERNOR CAGE ARRESTED.

Claimed He Could Not Be Arrested For Act In Official Capacity.

Los Angeles, Aug. 14.—Governor Cage was arrested here on a charge of libel, made by the proprietor of the San Francisco Call.

The writ was returnable this morning, and bail was fixed at the nominal sum of \$60. The petition for the release from custody on a writ of habeas corpus reviewed at length the occurrences which preceded the alleged libel and based the application on the claim that no cause for action existed and that his actions had been in the course of his official duty.

Governor Gage cited cases and legal decisions to show that neither the president of the United States nor the governor of an individual state can be arrested for an overt act, provided such act was performed in the course of his judicial actions as president or governor.

BRAIN FOOD.

Not long since there was a great run on the fish markets because it was announced that fish was food for the brain. Of course the fallacy of the fad was soon exploded. Normally the food we eat nourishes brain, nerves, muscle, bones, etc., each part of the body assimilating phosphorous salts, lime, according to its need. When the brain begins to show weakness or the nerves become sensitive it is a sign that there is a loss of the nutrition contained in the food eaten, and this loss is in general due to disease of the stomach, and its allied organs.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food, which is the source of the strength of both brain and body.

"I was troubled with very frequent headaches," writes Miss Anna French of San Antonio, Tex., "often accompanied by severe vomiting; bowels were irregular and my stomach and liver seemed continually out of order. Often I could eat almost nothing and sometimes absolutely nothing, for twenty-four hours at a time. I was compelled to give up work and my whole system seemed so run-down that I feared a severe sick spell and was very much disengaged. I was advised to try Dr. Pierce's Golden Medical Discovery and did so with such satisfactory results that before finishing the third bottle I felt perfectly able to undertake duties attending public school life."

Dr. Pierce's Common Sense Medical Adviser in paper covers is sent free, on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

PRIEST HIT BACK.

Told President Mitchell He Had No Right to Criticize His Sermons.

HE LAMBASTED LABOR LEADERS

Priest From Mitchell's Home Protests Against O'Reilly's Allusions to Miners' Leader—Wilkesbarre Operators Think Too Late to Arbitrate.

Wilkesbarre, Pa., Aug. 14.—A number of workmen who were returning from the Woodward mine last night claimed a volley of stones was fired at them, but no one was hurt. A number of boys were seen on a hill near by and it is thought they were the guilty parties.

The owners of the Warnke washery, at Duryea, have asked Sheriff Jacobs to protect their property. A barbed wire barricade was built around the washery. Tuesday night some unknown parties tore it down. A crowd of 500 men and boys collected around the washery yesterday morning, as it was expected operations would be resumed. When a number of deputy sheriffs reached the place the crowd disappeared. It is said an attempt will be made to resume work today.

Condemn Priest's Attack.

The presidents of the local assemblies of the United Mine Workers of the Wilkesbarre district met here yesterday and adopted resolutions condemning Rev. Father O'Reilly, of Shenandoah, for his criticism of the officers of the United Mine Workers.

President Mitchell and the district presidents were eulogized for their efforts to better the condition of the miners. President Mitchell addressed a personal letter to the Shenandoah clergyman, taking exceptions to certain remarks alleged to have been made by him in his church last Sunday. Rev. O'Reilly sent a curt reply, saying that Mr. Mitchell had no right to criticize his sermons.

Representatives of the big coal companies here think it will be a useless trip for a committee of the Citizens' Alliance, of Wilkesbarre, to go to Atlantic City to see Senator Quay and have him use his influence with the presidents of the coal-carrying railroads to bring about arbitration. The local operators are of the opinion that it is too late to talk about arbitration now, as those in control of the trade think it can only be a short time until the miners make up their minds to return to work.

Scranton, Pa., Aug. 14.—At a big mass meeting of strikers in Dickson City yesterday District President Nicholls, and ex-National Organizer Dilcher bitterly denounced the Father O'Reilly sermon. Mr. Dilcher asserted that the sermon was unwarranted and a tissue of falsehoods. In rebutting the attack made on President Mitchell, Mr. Dilcher stated that the priest at Spring Valley, Ills., President Mitchell's home, had written Father O'Reilly, protesting against his personal allusions to the mine workers' leader and testifying that he was one of the most respected citizens of Spring Valley.

Senators Willing to Help.

Philadelphia, Aug. 14.—United States Senator Penrose yesterday, in discussing the anthracite coal strike, made the following statement: "Both Senator Quay and myself have always been ready to receive any delegation from the miners and do all in our power to bring an end to the present troubles. For a long time past this question has been receiving our attention, and if there is anything we can do towards settling the difficulties it will be done."

struck because they were getting 3 cents less on a car than other companies were paying.

John Kiel, who killed Joseph Daily at Parkersburg, W. Va., last March and afterward escaped from the jail there, was arrested at Zanesville, O.

Charles Rodgers and William T. Evans, charged with deserting from the United States army two years ago, were arrested at their homes near Emington, Pa., to which they recently returned.

By the fall of a section of a bluff overlooking the Baltimore and Ohio railroad near Cumberland, Md., two men were killed.

Revival meetings at Monessen, Pa., conducted by A. H. Kayler, of Allegheny City, Pa., are being well attended, and many converts are being made.

Margaret Thomas, aged 9 years, was drowned in the Tuscarawas river at Canal Dover, O.

The store of the Federal Supply company, at Webster, Pa., was robbed of \$175, several revolvers and a quantity of jewelry.

Burglars blew open the safe of the Charleroi, Pa., Brewing company, but got nothing of value.

While leaping from one porch roof to another, in imitation of a circus performance he had seen, 5-year-old Louis Rieber, of Scottdale, Pa., missed his footing and fell 30 feet, escaping with a broken jaw.

As the result of a grudge, Richard Anderson, a negro, 18 years old, shot and killed Henry Jones, also colored, of the same age, near Connellsville, Pa.

Brownsville, Pa., has 17 cases of smallpox and the disease is spreading. The Rev. Leslie Florence, colored, is charged with concealing the fact that one of his sons was suffering from the disease.

Charles Rush, E. W. Moore and Wesley Allen, Butler, Pa., tobacconists, were arrested on the charge of selling cigarettes to boys under 16 years of age.

White W. H. Kelly, an Altoona, Pa., restaurant keeper, was preparing a meal for a man who entered the place alone. The stranger walked out with the cash register, containing about \$25.

A small party of Moros surprised an outpost of the Twenty-seventh Infantry at Camp Vicars on Tuesday. Sergeant Foley and Private Carey were killed and Private Van Dorn was severely wounded.

E. J. Perry chosen president of Western Pennsylvania Firemen's association, at Jeannette, Pa., Latrobe to get next convention.

Charles Janaski confessed murder in a man named Wlurewowski, at Cleveland, and implicated wife, who had said Janaski did killing.

Clue in Bartholin Case.

Chicago, Aug. 14.—Inspector Hunt late last night found a woman who declared that at daybreak on the morning following the night in which Minnie Mitchell disappeared in company with William Bartholin she saw Oscar Thompson, driver for a laundry company, and who is now held in custody by the police; John Claffy, the barn boss for the same concern, and a man wearing a banana hat and a dark sack coat, at the corner of Seventy-fourth and state streets, where Minnie Mitchell's body was found. They were going back and forth in the weeds and acting in a suspicious manner. Thompson intended he might talk today. Bartholin was still missing.

Bridge Workers Win Their Strike.

Philadelphia, Aug. 14.—The president of the International Structural Iron Workers' association arrived here and announced that the American Bridge company had granted the demands of its employees for an eight hour working day at 50 cents an hour.

Mr. Buchanan further stated that the general sympathetic strike ordered last Sunday by the executive board

will be declared off today.

19TH YEAR. NO. 191.

EAST LIVERPOOL, O., THURSDAY, AUGUST 14, 1902.

TWO CENTS.

REGISTRATION LAW IS STILL POSSIBLE FOR EAST LIVERPOOL

Provisions of the General Bill May Be Made to
Apply—Solons to Repeal New Act
On Railroad Lighting.

From a Staff Correspondent.

Columbus, Aug. 14.—After giving the subject much research Secretary of State Laylin has formed the conclusion that it will be necessary for the legislature to re-enact the election laws which it was thought at first would have to be done. He says that the election boards in all cities save in East Liverpool and Findlay were created under a general law, giving registration to cities possessing a certain population. Special registration acts were passed for the two cities mentioned and both are clearly unconstitutional. The belief obtains that registration can be extended to these cities under the general act.

Right or wrong, Mr. Laylin says, the court will uphold the law under which the fall elections will be held, and no undue alarm need be felt. It is doubtful whether the law abolishing city election boards in Mahoning and Summit counties and placing control of all elections in the hands of the county board is sound. This act was passed last spring.

The code builders have concluded to refer the matter of civil service to the

legislators, leaving them to decide whether it shall go into the code. The state bar committee refused to stand for civil service unless it was provided for cities. The code will make only minor changes in the municipal ownership laws. At present municipalities may own their own light plants, water works, and these provisions will probably be adopted without much revision. Governor Nash has decided to stay away from Representative Querin's clamor, which is to be held at Sandusky today and tomorrow.

The governor proposes to abide resolutely by his former declaration not to expose his code to the scrutinizing glances of the legislators until they assemble August 25. He charges the code builders not to breathe a word to outsiders about what is going into the measure, but the newspapers are still able to chronicle from day to day the doings of the select few who have to do with the code. The bill has to be cut down to 13,000 words. It is expected that the bar association committee will make its report to the governor this afternoon. Of course,

(Continued on Fifth Page.)

FAILED TO PROVIDE FOR HIS FAMILY

Wife of John Walters Told the
Squire of Husband's Cruelty and Neglect.

HER LIFE WAS THREATENED

Warrant Issued For the Man Weeks Ago, But He Was Not Captured Until Last Evening—Stands a Chance of a Jail Term.

Walking presumably for the benefit of his health down Market street last evening, resulted disastrously to John Walters. Had he dreamed where his footsteps were leading him there is no doubt he would have taken the Calcutta or Lisbon road for recreation.

He now lingers in the city jail with excellent chances of a trip to Lisbon for commitment in the county jail, all because he walked in the wrong direction.

On July 11 Mrs. Walters appeared before Squire McLane and swore out a warrant for the arrest of her husband, charging him with the non-support of their two minor children. The warrant was given to Constable Powell, but before the officer could make the arrest, Walters had left the city. A few days ago he returned and the constable again started in search.

Not knowing the man he was unable to locate him and the police were notified to keep on the watch. It fell to the lot of Officer Aufderheide to first gaze upon Walters. He caught sight of the alleged criminal as he was passing the city hall. Walters was immediately placed under arrest and taken before the squire, who had him committed to a cell until this morning, when he was given a preliminary hearing.

Mrs. Walters was the only witness summoned. She swore that her husband had failed to provide for their children for many months and that he had treated her cruelly upon numerous occasions. Several times he had threatened her life, she said, and had her frightened into hysterics for a month before she swore out the warrant.

The squire decided that Walters was guilty beyond a doubt and bound him over to common pleas court in the sum of \$300.

Labor Day Proclamation.

Columbus, August 14.—(Special)—Governor Nash has issued his labor day proclamation, calling attention to the fact that Monday, September 1, is labor day and requesting that it be generally observed.

GENERAL JOHN P. S. GOBIN, COMMANDING THE TROOPS AT SHENANDOAH, PA.

General John P. S. Gobin, in command of the troops ordered by the governor to Shenandoah, Pa., for the purpose of preserving order, has long been prominent in the affairs of the "Keystone" State. He served in the Union army during the civil war, retiring with the brevet of brigadier general. He was elected in 1884 to the state senate, and during the war with Spain was a brigadier general of volunteers. In 1897 he was elected commander-in-chief of the G. A. R., and in 1898 was chosen lieutenant governor of Pennsylvania. General Gobin's home is in Lebanon, Pa.

WORK TOO MUCH FOR BART BROWN

After Toiling For Half a Day He
Left For Parts Un-
known.

MAYOR AND POLICE ON FUTILE HUNT

Searching For a West End Boy
Who Was Enjoying Him-
self at Play.

WAS RELEASED FROM JAIL LEFT MOTHER ON STREET

Recently on His Promise to Behave
and to Support His Child as a
Father Should—Another Warrant
Out For Him.

And She and Others Put In Many
Hours In Searching For Him—Joy
Then Succeeded Despair—Lad's
Father Was Killed Recently.

Bart Brown, of this city, who was sent to the county jail a short time ago on a charge of non-support of a minor child, preferred against him in a local court, has escaped from Lisbon, and no one knows where he now is. Taking pity on him, Judge Boone suspended sentence in his case on the condition that he would work for two weeks in the Thomas China plant at Lisbon, and pay a part of his earnings to his wife. He went to the pottery, went to work and then left, after attempting to work for half a day.

Another charge has been preferred against him at Lisbon, and a warrant for his re-arrest is now with Sheriff Leonard. If apprehended he will be sent to the workhouse at Canton for two months.

TO COST ABOUT \$25,000

CONTRACT LET FOR W. L. THOMPSON'S RESIDENCE.

Harvey McHenry, of This City, Will
Erect the Superstruc-
ture of It.

Architect A. W. Scott yesterday let the contract for the erection of W. L. Thompson's residence on the boulevard, to cost in the neighborhood of \$25,000. The contract for the superstructure was let to Harvey McHenry. The interior work of the new residence will not be contracted for until next summer.

NOT READY FOR FALL

Parochial School Will Be in Temp-
orary Quarters Till Building
Is Finished.

Announcement is made that the new St. Aloysius' parochial school building on Fifth street, on the site of the old school will not be ready for occupancy until about December. The officials of the church have made arrangements to open their school term at the usual time, September 6, in rooms in the skirt block, on Sixth street. When the new building is completed the number of teachers will be materially increased.

In the past there have been but four teachers employed, but in the new building there will be six, and one music teacher. Work on the new school house is being rushed as fast as possible.

On a Hunting Trip.

Drs. Clyde Larkins and E. L. Trimmer were captains of a company of hunters who took the 1:36 train this morning. They expected to leave the road near Salineville and walk five or six miles to a section which is reported to abound with foxes, black and gray squirrels.

The man who reads the News Review reads the best East Liverpool newspaper.

A WARRANT IS OUT FOR THOMAS POTTS ACCUSED OF CRIME

Chief Thompson Believes He Has Evidence to Convict the Man of Chasing and Frightening Little Girls.

Charged with committing numerous

crimes, all very serious ones and of the same character. Thomas Potts, married, aged about 30 years, a kiln-drawer in a local pottery and a resident of Railroad street, will be arraigned before the mayor this afternoon or evening, providing he is captured by Chief Thompson and Officer Dawson, who were detailed on the hunt for him at 2 o'clock this afternoon.

A warrant was issued for his arrest by the mayor, it being sworn to by Chief Thompson, who states that he has abundant evidence galore to convict the man of the crime with which he is specifically charged.

In making the information against Potts, the chief alleged that he is the man that has for several weeks been making a practice of frightening small girls. He is positive that he is the man that chased a little daughter of Fred Pennington, of Ravine street; Bunt Ralston's child, of Second street, and three small girls whose names are not known, who were terribly frightened yesterday afternoon while returning from the Laughlin pottery No. 2, where they had delivered

lunches to their parents. The three girls were returning to their homes and stopped along the way to pick some blackberries in an open field. Potts is accused of approaching them and trying to induce them to go on an errand. Instead they commenced crying and ran as fast as their little limbs could carry them.

The man immediately beat a retreat and the little ones, upon reporting the affair to their parents, were instrumental in having the warrant sworn to by the chief. All of the children who have been approached by a man give the same description, and it tallies in every detail to that of Potts. One of the children even called her mother to their front yard recently and identified Potts as her follower. The evidence at hand being so strong the officers anticipate no trouble whatever in proving the charge.

Mayor Davidson states that he is only sorry that the ordinance governing such fiendish actions is so lenient. The most that can be imposed upon a man found guilty of the crime is \$20 and costs.

Potts was arrested shortly before 3 p.m. today.

DISPUTE SETTLED

AND THE STRIKE AT THE RIVER-SIDE POTTERY IS OFF.

Terms of the Agreement Reached at
Wheeling Not Yet
Made Known.

Wheeling, August 14.—The unfortunate differences between the employees and the management of the Riverside sanitary pottery in the North End were adjusted at a conference between representatives of the two sides held yesterday morning. The men could not act finally for their side, but the agreement entered into was satisfactory to the union, and was ratified at a meeting held at Trades Assembly hall yesterday afternoon.

Just what the terms of settlement are could not be learned, as the men are non-communicative. The agreement was satisfactory to both sides, however, and the men were to return to work this morning. The pottery has been idle notwithstanding there have been a great many orders ahead. About one hundred men and girls were affected.

The strike arose over the discharge of one of the employees. He was an employee who was paid by the men out of their earnings, and they contended that the foreman had no authority either to ask him to do additional work, or to discharge him because he refused to do so. Whether or not this employee will be reinstated under the terms of settlement cannot be learned.

President A. S. Hughes, of the National Brotherhood of Operative Potters, who went to Wheeling yesterday morning to confer with the men and the company concerning the settlement, was expected home this afternoon. It was stated by National Secretary Duffy this morning that until President Hughes returned no one about headquarters knew anything about the terms of settlement. It is the general belief that Beswick, the discharged clay carrier, was reinstated.

BUCCY WAS WRECKED

And Its Occupants Hurt By a Plunge
Over the
Hill.

Charles Ammon and Leslie Barker, both of the West End, are at their homes in a crippled condition, as the result of a runaway accident. They were driving toward Wellsville in a one-seated buggy and had reached a point near Walker, when the horse became frightened and plunged over the hill.

Luckily for them the bank at this place was not very steep and only about 12 feet high. Although bruised considerably they escaped serious injury. The buggy, which belonged to Ammon, was completely demolished.

DIFFERENCES

SOON MADE UP

Husband Struck His Wife and Was
Landed Behind the Bars
For It.

SHE GAVE FAREWELL KISS

And Soon Returned With the Money
to Pay His Fine and Secure His
Release—Both Left Happy, Walk-
ing Arm in Arm.

After preferring a charge against her husband and while he was being escorted to a cell in the city jail from the mayor's sanctum, Mrs. W. D. Gould very suddenly became repentant and rushed after her spouse and gave him a parting kiss before the heavy door was closed separating him from the outside world.

The mayor knew it was all off then. He had imposed a fine of \$10 and costs and was afraid that he would be compelled to send the prisoner to the workhouse without receiving the costs. But when he witnessed the outburst of affection he was convinced that Mr. Gould would not remain long in the cell.

Gould pleaded guilty to a charge of disorderly conduct, but very reluctantly. He could not understand how his wife, with whom he had had many differences, could be worked up to the point of having him jailed for so trivial a thing as using her face for a punching bag. It all occurred in Stetia Myers' notorious place. No referee was appointed to make decisions in the battle, but the large crowd witnessed the melee and betting, it is claimed, ran high at times.

True to the mayor's predictions the quieted wife returned late last evening and put up for the man's fine. Both left arm in arm with the avowed intention of never engaging in a fistic encounter again.

TRACK IS DOWN

For the New Street Railway Which Is
to Connect Sebring And
Alliance.

The work of construction on the electric railway connecting Sebring and Alliance has about been finished. The track has all been laid, and at the terminus in Sebring a platform for the passengers to alight has been built.

Fourteen carloads of slag were received there Saturday, and these are being hauled out along the line to be used for ballast. A small shifting locomotive has been brought out and put into use for distributing the slag.

FIREMEN GET WEARY

FORBIDDEN BY CITY RULES TO PLAY ANY GAMES.

Would Like the Privilege of Gymnastic Exercise If Nothing Else.

One of the rules by which the city's firemen are governed is now and always has been meeting with the disapproval of the men who are compelled to abide by them or throw off their official robes and step out of the service of the people. The rule is down toward the end of the list and is the only one that the men have a particle of cause to object to. It says: "No games or sports of any description can be played in or about the fire station."

There is no doubt that the rule was made for a good purpose, that of fixing a plan by which the firemen will always be ready for duty. But could it not have been compiled in a manner that would not be so restricting? The men need physical training. By living up to the rule they cannot have it. One of them said last evening:

"We are the only city in the United States where firemen are under salary that are compelled to abide by such a rule. What we want is the privilege to equip a gymnasium department. You cannot imagine how awfully tired we become with nothing to do but chew our fingers and await a call. We are bound to become stupid. No exercise works harder on a man than those who have not experienced such a life can imagine. A punching bag and Indian clubs would help us wear off the monotony. In the larger cities gymnasiums are attached and the firemen are compelled to take so much exercise daily."

It can be seen that the firemen have taken a sensible view of the matter and are moved not by a desire for pleasure, but for health. Council may be asked at the next meeting to provide in some manner for the obliteration of the rule and also for help toward buying the necessary apparatus.

Manager Walsh has secured the ser-

D. M. OGILVIE & CO.

DRESS GOODS Small lot of figured black dress goods, bright, lustrous finish, neat figures, were intended to sell for at least \$1, sale price 50c; they're 42 inches wide, four styles.

Room Making Sale.**The Big Store.****HARD'S****MONESSEN NOT COMING**

Instead the Westinghouse Team, of Pittsburgh, Will Play Here This Week.

Corresponding Secretary Travis, of the local base ball team, received word yesterday from the manager of the Monessen team, stating, that owing to some difficulty that he recently had with his aggregation, he would be compelled to cancel the dates of this week with East Liverpool. The Monessen team is one of the best in the Pittsburgh district and the fans would have greeted it joyfully.

The team that has now been arranged for to play on the cancelled dates is also a crack organization and will play the home boys a hard game. They are of the East End, Pittsburgh, and are known as the Westinghouse team. Out of a score or more of games played this season they have won all but three, and a Pittsburgh sporting writer states that they are among the fastest in the state.

Manager Walsh has secured the ser-

Oh, Yes

You wish you had ordered a case of Beer, Ale or Porter for today, but you didn't. It isn't our fault; we had plenty of it ready to deliver at your order. Don't get caught napping again. A postal card or the 'phones do the work.

G. W. MEREDITH & CO.,
171 to 177 Market Street.

vices of M. C. Vosbinder for the games and he will likely be retained throughout the season. There is no doubt that he will make a valuable addition to the team. During the first part of this season he played with the Cleveland American league team. He has an excellent reputation both as a pitcher and an outfielder. In Friday's game he will play in right field. Godwin has also promised to play in both games, and with the two assistants the locals will be enabled to put up a fast game. The lineups for both teams:

East Liverpool—Emmerling, catcher; Winters, pitcher; Gibson, short; Fred Heckathorn, first; Webb, second; Davis, third; Godwin or Coleman, left; Reark, middle; Vosbinder, right.

Westinghouse—Chambers, catcher; J. Stoltz, pitcher; Ferguson, short; Eicher, first; O'Leary, second; Bouldin, third; T. Stoltz, left; Ravey, middle; Bluming, right.

Mrs. Bunn Recovering.

Youngstown, August 14.—(Special)—Mr. and Mrs. R. G. Thompson, of Salineville, are still detained at the home of their son-in-law, Fred S. Bunn, a pharmacist of this city, on account of the continued illness of their daughter, Mrs. Bunn, who was removed to the Youngstown city hospital July 28 and underwent an operation from which she is rapidly convalescing. Friends are glad to learn that she will be able to leave the hospital this week for her home and the week following for the home of her parents in Salineville.

Piping Gas to Lisbon.

Lisbon, August 14.—(Special)—The directors of the Salem Oil & Gas company at a recent meeting chose J. M. Carpenter, of Galeton, Pa., president; A. O. Silvers, vice president; G. M. Fink, Salem, secretary, and W. E. Donnelly, Lisbon, treasurer. Mr. Donnelly is superintending the work of construction here and says that they will have the gas to consumers in a short time.

Licensed And Married.

Lisbon, August 14.—(Special)—Stephen Wheatley and Iva Leek, both of Salineville, got a license and were married in the probate court room yesterday by Mayor Farrell.

Mariage licenses have been issued to Emerson L. Baker and Anna M. Ries, both of East Palestine, and to George T. Wright and Amelia R. Parker, Wellsville, the latter couple to be married by Justice H. P. McCaron.

Adjudged an Imbecile.

Lisbon, August 14.—(Special)—Mary A. Ackleson, of Center township, has been adjudged an imbecile and will be taken to the county infirmary. T. O. Kelly has been appointed guardian for her.

Appointed Trustee.

Lisbon, August 14.—(Special)—Dr. W. N. Gilmore, of West Point, has been appointed trustee for \$100 left to the Madison Presbyterian church by Joseph March.

Grove's Black Root Liver Pills. Made from an active principle obtained from Black Root. They act on the liver equal to calomel and leave no bad after effects. No griping, no sick stomach. Will cure chronic constipation. Price 25 cents.

KNOCKED OUT

Increases Made By Decennial Board In Stark Do Not Go.

Judge Ambler rendered a decision at Canton that declared all the work of the decennial board of equalization of Stark county null and void and does away with all increases made by the board to the tax values of the real estate of Stark county.

The returns of the land appraisers, as reported to the auditor, will have to be the basis on which taxes are assessed.

TONE OF THE MARKET FIRMER,

Noted Yesterday, but No Improvement in Activity of Trading.

New York, Aug. 14.—There was no improvement in the activity of the trading in the stock market yesterday, but the tone was firmer and did not reflect the disposition to liquidate on all advances, which was a feature of Tuesday's market. For the most part, however, the representative stocks were neglected and sluggish. The Gould stocks were the most conspicuous in the trading. Missouri Pacific leading in point of activity. There were heavy dealings also in all of the Wabash securities and in Texas and Pacific. The southwestern railroads are expected to gain a special benefit from the large corn crop and the winter wheat crop in that territory is also in a high average condition. The Wabash stocks were especially affected by reports of aggressive steps being taken to secure terminal facilities both in Pittsburgh and in Baltimore for the use of Wabash's eastern extensions. There was a fitful speculation in the soft coal stocks, based upon the benefit felt by that trade as an incident of the paralysis of the anthracite trade.

United States Steel shot up 7c on the news of an additional distribution of \$10,000,000 profits to the underwriting syndicate, thus bringing the total distribution up to \$30,000,000 on actual paid in subscriptions of \$25,000,000. The stock relapsed quickly into comparative inactivity, but with a fractional gain retained.

There were also movements in other stocks and other influences in the market.

EAST END**A DANGEROUS BRIDGE**

One Spanning the Boyce Street Run
in Need of Speedy
Repairs.

Residents of Maple and Boyce streets have called attention to the fact that the bridge spanning the run on Boyce street should be permanently repaired before some one is injured and the city asked to pay a damage bill. The claim is made that very frequently of late wagons, being driven across the bridge, have been let through the floor on account of the boards being rotten and unfit for use. The suggestion is made that the entire floor be taken up and a new one placed over the run.

Upon several occasions residents of Boyce street have gone to the bridge and placed barrels and other obstructions on it to prevent teams from being driven over the rotten planks and into the holes in the floor. Tuesday evening a wagon went through the bridge and the driver was compelled to work for over an hour before he released his wagon from the hole through which it fell.

FOUGHT WITH HIS TEETH

Mould Runner at National Pottery Bit a Fellow Workman's Cheek.

There was a little excitement at the National pottery in the East End yesterday afternoon which was the talk of the pottery shops of that part of the city this morning. It appears that a mould runner and a clay carrier in this shop had a few words, which resulted in a fight, which drew quite a crowd. During the trouble the mould runner was bitten on both cheeks by the clay carrier, the latter being the smaller of the two.

The fight ended, the whole affair was made known to General Manager John Stamm, of this shop, and that resulted in the dismissal of the clay carrier. The mould runner was allowed to remain at work.

Strong Foot Ball Team.

The East End will have a foot ball team this fall, of which it will feel proud. Charles Gallagher and Mort Calhoun are now forming a team that will be composed of some of the best the county. Already two plays of players to be found in this section of Wellsville, whose reputations as foot ball players are well known, have been engaged, and several equally well-known players are being sought for. The first practice game will be played within a fortnight.

Footballists to Organize.

Every evening when the weather is favorable a crowd of young men can be seen in Oakland practicing foot ball. There will be at least one foot ball team in the West End this fall. It will be managed by Edward Mountford, and a meeting of all the players will be held, probably the first of the week, for the purpose of selecting the players for the regular Klondike team.

EAST END AFFAIRS.

Mrs. Jake Smith, of Pennsylvania avenue, is visiting Mr. Smith's brother at Mineral Ridge for a few days.

C. E. Kitchen, a glass blower, who has been visiting at the home of Mr. and Mrs. W. C. Smith, of Railroad

Fidgety

people are lacking in nervous strength. The weak, care-worn, melancholy, headachy, and low-spirited men and women are easily excited, impatient, fidgety, and unable to sleep at night. Worn-out nerves must be built up, and the vitality of the whole system replenished before relief can come.

"The least bit of noise or sudden jar would nearly drive me crazy, and I was just too fidgety for anything. I was so nervous that I could not rest or sleep. The first dose of Dr. Miles' Nervine brought me sleep, and after that I got well fast."

Mrs. A. K. MORRELL, Arcola, Ills.

Dr. Miles'**Nervine**

builds up the nerves, strengthens the brain, and fortifies and refreshes the whole system.

street, for a few weeks, has left for Terre Haute, Ind., where he has secured a position in a glass house.

Clarence Arnold, Marion McArter and Samuel Calhoun left yesterday for Chautauqua, where they will remain several weeks.

A summer car jumped the track at the Mulberry street switch in the East End about 9:30 o'clock last night, causing a short delay to travel.

Mrs. McAllister and two children from New York state will arrive in the East End next Tuesday to visit her brother, W. J. Day, for a few weeks.

NEW HARVESTER COMBINE.

Statement Said Combine Was Effect ed to Prevent Having to Ad vance Prices.

New York, Aug. 14.—The incorporators of the International Harvesters' company, articles of incorporation for which were filed Tuesday in Jersey City, yesterday made public a statement, which says in part:

"The International Harvester company has been organized under the laws of New Jersey with a capital stock of \$120,000,000 to manufacture and sell harvesting machinery. It has purchased the property and business of the following manufacturers:

"The McCormick Harvesting Machine company, Deering Harvesting company, Plano Manufacturing company, Warder, Bushnell & Glessner company (Champion) and Milwaukee Harvesting company.

After alluding to the advance in prices of raw material and the possi ble consequent advance in the price of harvesting machinery, unless economies in existing conditions of manufacture could be accomplished, the statement continues:

"The manufacturers realize that their welfare and the interests of the farmers are identical. An advance in the price of agricultural machinery would injure the farmers and react upon the manufacturers. But on the other hand if existing conditions continued an advance in prices would be inevitable. It thus became necessary that either the prices should be advanced or that substantial economies should be effected in the manufacture and distribution of agricultural ma chinery."

The officers of the company are as follows: President, Cyrus H. McCormick; chairman executive committee, Charles Deering; chairman of the finance committee, George W. Perkins; vice presidents, Harold F. McCormick, James Deering, William H. Jones, John J. Glessner; secretary and treasurer, Richard F. Howe; board of directors, Cyrus Bentley, Paul D. Cravath, William Deering, Charles Deering, James Deering, E. H. Gray, John J. Glessner, Richard F. Howe, Abram M. Hyatt, William H. Jones, Cyrus H. McCormick, Harold F. McCormick, Stanley McCormick, Edridge M. Fowler, George W. Perkins, Norman B. Ream, Charles Steele and Leslie D. Ward.

COUNTY AND NEIGHBORHOOD

Adam Brinkey, aged 62, a prominent citizen near Duncannon, is dead.

The Democratic primaries in Stark county will be held Saturday, August 23.

Willis Cope, of Smithfield, father of Rev. T. J. Cope, of Salem, is dangerously ill.

Mrs. J. R. Stock, who died at Alliance, aged 79, was a former resident of Lisbon.

Miss Lillie Dowling, while running to catch a train, fell and dislocated her right knee at Sebring.

Mrs. L. N. Steele died at the home of her daughter, Mrs. Charles Silver, in Portland, Ore. She was a life long resident of Salem.

O. A. Hoopes, of Hanoverton, accidentally ran a nail into his foot and has a bad wound. He is street commissioner of that village.

Nathan Bostick, a Pennsylvania company brakeman whose home is at Millersburg, was badly injured by falling from a train at Alliance.

Joseph Haessley, of East township, Carroll county, is dead, aged 85 years. He lived near Millport and was one of the influential citizens of that section.

The residence of William Yeagley, two miles east of Homeworth on the Reading road, was entered by unknown parties and over \$100 in money was taken.

The annual reunion of the Blackburn family will be held Tuesday, August 26, at the farm of Nathan Blackburn, midway between Middleton and New Waterford.

Assignee's Sale Ordered.

Lisbon, August 14.—(Special)—E. P. Speidel, of Hanoverton, as assignee of W. C. Anthony, of that town, has been ordered by Judge Boone to sell the personal property assigned.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery), says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Alvin H. Bulger.

There's no soaking required if you use Mrs. Austin's Quaker Lunch Taploch Bento in a minute. Your grocer can supply you.

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You may prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get the reliable remedy at Charles F. Craig's.

Get Green's special almanac.

Red Cross Ball Blue has the largest sale of any blue in the world. Highest quality at a reasonable price the reason.

Round Trip Tickets

At exceedingly low rates will be sold to Colorado, Utah and the Pacific coast, via the Missouri Pacific railway on certain dates during May, June, July and August. Through sleeping cars from St. Louis to Denver, Colorado Springs, Salt Lake City and San Francisco. Superior cafe dining car services. Write Jno. R. James, central passenger agent, 905 Park building, Pittsburgh, Pa., for rates and illustrated pamphlets descriptive of the west.

CROWDS ARE COMING

To See the Noted Specialists, of Philadelphia, Pa. They Will Be at the Thompson House Three More Days

THURSDAY, FRIDAY AND SATURDAY,

AUGUST 14TH, 15TH, AND 16TH

In Order to Introduce Their New Treatment They Will Give to All That Call on the Above Dates Consultation, Examination and All Medicines Necessary to complete a Cure Free.

The first being an advertising trip to introduce their new system they will give to all who call on the above dates, consultation, examination, advice and all medicine necessary to complete a permanent CURE—FREE.

It will be expected of all patients taking advantage of this offer to state to their friends the result obtained by their new system of treatment. They treat ALL KINDS OF CHRONIC DISEASES AND DEFORMITIES.

It is very seldom that a community is so situated as the one in which we live has the privilege of consulting such renowned specialists, who are in constant attendance to wait upon you, diagnose your case and give you the benefit of their medical knowledge. There is no experimenting or guess work. You will be told whether you can be cured or not. If your case is curable they will treat you; if incurable they will give you such advice as to prolong your life.

They treat deafness by an entirely new method, and hearing is restored at once. \$100 forfeit for any case of deafness that we fail to make hear from the first treatment. CATARRH in all its VARIED FORMS cured so it will never return, by breaking up the cold catching tendency by the electrical absorption of medicine. If you have weak lungs or consumption do not fail to be examined.

The new discovery of absorbing medicine by electricity in paralysis, loss of many vigor, rheumatism and all diseases of the nervous system, including EPILEPSY, is a God-send to suffering humanity. Medical men stand amazed at the marvelous cures that are being effected wherever this system is being introduced. Thousands who have given up all hopes of ever being cured now have an opportunity of a life time to consult doctors of a national reputation. Remember their knowledge of medicine combined with electricity gives them control of diseases that others do not possess. If you have WEAK EYES, come and see the greatest AMERICAN and EUROPEAN EXPERT OCCULTIST. He with his remarkable discovery cures all those afflicted with failing eyesight, cataracts or functional blindness. The blind made to see by our entirely new method. No experiments. Come and test it for yourself. Eyes expertly tested and treated. ALL THIS IS FREE OF CHARGE. WE STRAIGHTEN CROSS EYES TO STAY STRAIGHT BEFORE YOU LEAVE THE OFFICE. NO KNIFE, NO PAIN. This is done by our new system.

Don't fail to call on these eminent specialists, as a visit costs you nothing and may save your life.

If you suspect kidney trouble, bring a two-ounce vial of your urine for chemical and microscopic analysis.

Go early, as their offices are always crowded. If you are improving under your family physician do not come and take up their valuable time. They wish to give each one plenty of time, but cannot listen to long stories not pertaining to your case. The rich and poor alike treated.

For Congress--JAMES KENNEDY of Youngstown.

STATE TICKET.

Secretary of State—LEWIS C. LAYLIN, Judge of Supreme Court—WILLIAM B. URE. Food and Dairy Commissioner—HORACE ANKENY. Member Board of Public Works—WILLIAM KIRKLEY, Jr.

COUNTY TICKET.

Probate Judge—J. A. MARTIN. Clerk of Courts—J. N. HANLEY. Recorder—CHARLES A. WHITE. Commissioner—M. P. GARNER. Surveyor—J. C. KELLY. Coroner—J. L. STRAUGHN.

Not only has immigration increased during the past year, but the proportion of illiterates among the new arrivals has been much greater than usual. The immigration laws ought to be amended, as has often been proposed, so that no alien should be allowed to land who possesses no property and is not able to write or speak English. The intelligent foreigner is always welcome. The illiterate helps to fill our jails and poorhouses.

Virginia has at last awakened to the disgrace of suffering lynch law to hold sway. A dozen arrests have been made of men supposed to have taken part in the unlawful hanging of a colored man, and they will be tried as fast as possible. A few prison sentences will do more to discourage this form of barbarity than any amount of preaching against it.

C. M. Schwab is reported to have made \$18,000,000 on a recent deal. Allowing a liberal percentage for exaggeration, it must be conceded that he is doing fairly well for a young man, though probably he will have to live and learn before he can trot in J. P. Morgan's class.

The news that Secretary Shaw is to make campaign speeches in this state is welcome intelligence to Ohio Republicans. Mr. Shaw is an able, common sense speaker, and his position enables him to speak with authority on the most eloquent of campaign texts, prosperity.

The indications are that the city of East Liverpool will discard village ways and adopt street signs. The improvement will cost little and will be highly appreciated both by residents and by visitors. It should have been made long ago, but it is better late than never.

The Canadian manufacturers' convention, which is discussing the question of how best to meet Yankee competition, should change its base of operations to this side of the line, and its task would then be easier.

A fusion candidate for congress in Kansas charges people for the privilege of hearing him speak. If he is elected Kansas will become the Mecca of the chronic candidates.

President Roosevelt, if he takes any notice of Bryan's rantings, can console himself by reflecting that the Ne-

Hood's Pills

Do not gripe nor irritate the alimentary canal. They act gently yet promptly, cleanse effectively and

Give Comfort

Sold by all druggists. 25 cents.

braska editor is just as mad as the only living ex-president.

Every indication points to a phenomenally good fall business. Even now there is no dull season, save with merchants who do not advertise.

The legislator who expects to see a code bill enacted that will please the Democrats has so little sense that it is a wonder he was ever elected.

Editor Bryan has been long enough in the newspaper business to discover that the money question is of prime importance.

It is hard to tell which is the most foolish—May Yohe, or her lovers, or the newspapers that devote columns to both.

The reaper manufacturers, having formed a \$120,000,000 combination, doubtless expect to reap a golden harvest.

President Castro, of Venezuela, still holds his job, though he would doubtless get away from it if he could.

OBITUARY

Daniel Cline.

Daniel Cline, aged 56 years, a member of the Grand Army, and one of the best known carpenters of the city, died suddenly at his home in Calhoun's addition, East End, at 5 o'clock this morning. Mr. Cline was feeling quite well yesterday and was working at his trade as usual. During the night he suffered a stroke of paralysis, which caused his death. Mr. Cline was twice married and of his first marriage five children were born. He is the father of one child by his second marriage, and he is survived by his wife and six children. The funeral services will be held at his late home tomorrow afternoon at 2 o'clock, interment being at Riverview cemetery. The service will be in charge of Rev. G. W. Orcutt, of the East End.

Andrew Hurford.

Andrew Hurford, aged 85, long proprietor of the Hurford House, at Canton, is dead. Six children survive him. He was born in Canton, and was the oldest native resident. He was once engaged in operating a steam flour mill in Wellsville with his brother. He was a contractor and helped to build the C. & P. railroad.

THE "THOMPSON" AT FIELD'S

From the Musical Times, Chicago. The Thompson piano is already at Marshall Field & Co.'s great store.

But this does not mean that Marshall Field & Co. have gone into the piano business.

It means that they wanted a piano for their new Ladies' Rest Room, and they selected the Thompson, of this city, and paid for it, and the piano is now at home amid its beautiful surroundings and where it will be seen by thousands each day.

The piano is the largest and handsomest style (M) manufactured by Thompson & Co.

It makes a decidedly attractive picture in the magnificent room and must be of great value to the factory by reason of its prominent position.

We congratulate Mr. Thompson on having made so beneficial a sale.

Smith & Phillips handle this popular piano.

Mrs. Nellie Madison is visiting in Salineville.

Fifteen hundred from Canton and Massillon at Cascade park Aug. 20.

Of the Knights of the Golden Eagle to Be Instituted Here Tonight.

A commandery of the Knights of the Golden Eagle will be instituted here this evening with a membership of 27 to 30. The matter has been in preparation for a month or more, and not until a few days ago were all the preliminary arrangements completed. The commandery will be instituted by two visiting majors of this branch of the order, and they will be assisted by John Bardou, of this city.

The event gives promise of being very interesting, and proves that this city is keeping up in all matters pertaining to secret orders.

Miss Sadie Coleman, of Beaver Falls, is visiting her parents during her vacation.

U. S. Steel Dividend.

New York, Aug. 14.—Members of the United States Steel corporation underwriting syndicate yesterday received a third dividend of 5 per cent on the face of the \$200,000,000 for which they were liable. The syndicate was not asked to advance more than 12½ per cent of this amount however, so its profits to date are \$20,000,000 on the actual outlay of \$25,000,000, or a return of 125 per cent, less a comparatively small sum in loss of interest.

WELLSVILLE**THREE WERE KILLED**

By One Train In One Day and All Were Tired Out Railroaders.

It is reported here that train No. 309 on its regular run Tuesday morning struck and instantly killed three men in the same manner at different points along the road. The engine was in charge of Engineer Edward Fuller, but no blame can be laid upon him. All the victims were railroaders, and one was L. G. Cox, killed at Wellsville. The others were killed at Rochester and Steubenville. All were sleeping on the track, because of long hours at work.

REPORTED OFF

It Is Now Said That the Proposed Prize Fight May Not Be Held.

The statement was made yesterday afternoon by one of the local sports that the Lutz-Bunting fight had been called off because of Bunting's backers refusing to put up more money to pay the trainers. The trainers have left the city, and Bunting, if he intends to fight Lutz on the 21st of the month, will have to superintend his own training.

Rent Dispute Settled.

The last check for \$30 which was received by the city council from the Columbian County Telephone company, was accepted. This goes to show that the city will not push its claim for \$15 per month for the room occupied by the telephone exchange. The \$30 pays the rent for July, August and September. A representative of the Adams Express company is now in its new building at the rear of the Third street depot.

Mrs. George Hamilton, of Lincoln avenue, went to Salineville yesterday to visit friends for a few days.

Miss Annie Brookes, of Cleveland, is the guest of Mr. and Mrs. J. W. Riley, of Fifth street, for a few days.

George Schied, of Fourteenth and Main streets, is expecting his brother, Clark Schied, of Ft. Wayne, to visit him.

Charles Caruthers has accepted a position in the C. & P. railroad yards at Belaire, and left for that city yesterday.

Miss May Hughes, of the Hotel Metropole, left today for Atlantic City, where she will remain for the next ten days.

Mr. and Mrs. Leslie Cooper, of Cleveland, are visiting at the home of their mother, Mrs. Mary Cooper, of Broadway.

Mrs. Mary Wilson, who has been visiting her father, John Davis, of Main street, returned last evening to New Cumberland.

Mrs. John Wilson, of Tenth street, has left for Akron, where she will visit her daughters, Mrs. John Clark and Mrs. Sylvester Kidd.

Misses Gertie and Marion Everson, Lettie Whitten, Anna McCormick, Jennie Hamilton and Minerva Ingram left this morning for Niagara Falls.

Sherman Henderson, of Fourteenth and Commerce streets, has returned from West Virginia, where he has been employed for the past 10 months.

The Ladies' Aid society, of the First Christian church will hold a lawn fete this evening at the home of Mrs. George Elliott, on Main street. Ice cream and cake will be served.

Miss Edna Martin, who had her hands badly mangled between two freight cars at the United States pottery yesterday, is able to be out of doors. Her injuries are very painful.

Walter Sweet, of Norwalk, and Eme-line Garvis, of this city, have been granted a license to marry. Squire Haney will perform the ceremony. Their acquaintance, it is said, has been brief but romantic.

Go to P. H. C. picnic, Cascade park, Aug. 20. Fifteen hundred from Canton and Massillon.

Both Phones.

Hodson's Drug Store

Cor. 5th and Broadway.

This is our main work. We are favored by the leading physicians because it is evident that we do the work well. Confidence has been established that when a prescription is brought here the medicine will be exactly as prescribed and of the greatest possible efficacy. We shall be pleased to do your work.

Both Phones.

Are lower than you could ever dream such good work could be turned out for. Our 22 Karat Gold Crowns are a distinct advance on all gold crowns made anywhere else in the city.

Is always satisfactory to our patients and we are never satisfied until it is proven so. Will you not let us do your next work, that you may also enjoy this satisfaction?

SOUTH SIDE**THE KILTIES' MUSIC**

Was Superb And Large Audiences Heard It With Delight.

If the band of the Gordon Highlanders, of Canada, otherwise known as the "Kilties," ever returns to this vicinity, it will assuredly be given a cordial welcome. At the concerts given at Rock Springs park yesterday afternoon and evening it was greeted by large and enthusiastic crowds and there were almost limitless encores, to all of which the musicians responded willingly. The "Kilties" are certainly accomplished musicians, and their programs unsurpassed for popular concert purposes.

Not only do they play the familiar and tuneful Scotch airs in a manner to delight all lovers of old fashioned melody, but they play American, German, French and Italian music with the same facility and correctness. The dancing and singing features were first class. The "choir" was compelled in the evening to respond to two encores, giving "Dixie" and "Sweet Adeline" in excellent style. The melody of Highland airs with the bagpipe accompaniment was one excellent feature while the trombone solos of Henry Howe were another and a most masterful performance. The large audience listened with the closest attention to the entire program, prolonged to twice its ordinary length by encores, and found it all delightful.

STREET PAVING

Still One of the Most Important Matters to Come Before Chester Council.

A meeting of the Chester council will be held this evening in the city hall on Fourth street. For this reason Mayor John Shrader, who has been spending a few days with his wife and daughter at Atlantic City, was compelled to leave that resort and return to Chester. Some Chester people say there is a big lot of business to consider this evening, while others claim they cannot see it that way.

One matter that will be talked over tonight is the street paving and the bond issue. While the bonds have not been sold the honored members of council want to talk over the expenditure of so large an amount. It is to be hoped that the street paving will be started so that it can be finished this fall. If Carolina avenue is not paved this fall, that street will be a sight during the winter season, and all sorts of complaints will be made by teamsters and others who have occasion to use the street.

A GOOD GAS WELL

Struck By the Line Island Gas Company on the Kinney Farm.

On the Kinney farm, adjoining Lawrenceville, a big gas well was struck last evening by the Line Island Gas company. The well was drilled by McCoy Bros., and the gas struck at a depth of about 1,100 feet.

They will shoot the well this afternoon to settle the question whether it will be an oil producer or simply a gas well. There is a favorable showing for oil. The gas wells which supply the Klondike pottery are in the same neighborhood.

Damaged a Buggy.

Motorman Thompson, of the Rock Springs railway is having a run of hard luck. Yesterday he accidentally struck another buggy with his car, smashing it considerably. In the buggy were Samuel Conkle and a lady friend, and it is said the buggy was being driven too close to the track, and was struck by the running board of the car. The occupants were thrown out, but were not injured to any extent. The horse was scratched in a

few places, and the buggy was so badly damaged that it was almost useless.

He Has Resigned.

I. C. Farnsworth, who for some time has been employed as a mortorman on the Rock Springs railway, resigned his position last evening. When he took his car into the barn last evening he noticed that his name was marked on the board for a three days' suspension. It is claimed that an accident occurred on the road last evening, and he was given three days.

Got a Valued Lease.

Edward Baxter and several other gentlemen from Chester this morning were to take a lease on the Allison farm near Asbury chapel for oil purposes. Since the first of the week a number of oil men have been in the vicinity of Chester trying to lease territory near the Allison farm, but Mr. Paxton secured the first lease.

Entertained His Friends.

William McDonald royally entertained a number of young people on Tuesday evening at his home in the lower part of Chester. A quartet of singers furnished fine music, which, together with the lunch served, made the evening a most enjoyable one.

Attorney George D. Ingram, of Second street, has commenced the erection of a new eight room residence on Indiana avenue. It will be completed within sixty days.

CHESTER NOTES.

Robert Spurlock is now working in a pottery at Wellsville.

A son has been born to Mr. and Mrs. Clarence Eaton, of Chester.

Tim Daley was badly hurt this morning by a horse kicking him in the breast.

Squire Johnston was at Frankfort Springs yesterday auctioneering for a public sale.

Mrs. S. Bloom and children, of New Cumberland, is visiting her husband on First street.

Miss Louise Barker, of Marietta, is the guest of Mrs. J. A. Henderson, of Phoenix avenue.

J. A. McDonald has completed the foundation on his new residence on Louisiana avenue.

Miss Susie Madden, of Steubenville, is the guest of Mrs. William Madden, of Carolina avenue.

G. D. Dies, cornetist for Nowling's orchestra at the park, is visiting Pittsburgh friends for a few days.

Morris Allen, of St. Albans, W. Va., is a guest of his aunt, Mrs. C. F. Paulley, First avenue.

The sheet mill of the Chester mill has not been running for four or five days on account of a shortage of iron.

Mrs. Jennie Swartz, of Carolina avenue, has returned from a two weeks' visit with Altoona (Pa.) friends and relatives.

Councilman George Wetzel and wife, of Virginia avenue, attended the union Sunday school picnic at Rock Point yesterday.

WITH THE WORKMEN IN THE CLAY PLANTS

WONDERFUL CHANGES.

While the matter has been kept exceedingly quiet, the fact leaked out to day that within the past 10 days one of the most prominent concerns of the city placed orders for new models, which, when completed, will cost anywhere from \$1,000 to \$2,000. It is said that every modeler in the city was favored with an order, and at the same time instructions were given that their best efforts should be put forth. This firm proposes to place an entirely new line of shapes on the market, and these are to be decorated with special designs which are now being made. The order for models includes toilet shapes, dinner sets, jardinières and pedestals and several other articles. The decision of the company to place an entire new line of shapes on the market was not made suddenly, but after due and careful consideration. It is thought the models will not be completed for a month or more, and as soon as possible they will be given to the mouldmakers of this shop. It is thought by some of the officials of this firm that the new shapes will be presented to the trade by the first of October. While the firm will push the new line, it will by no means cast aside the designs that it is now making and on which it is enjoying a most excellent business.

WILL SOON BE READY.

Work on the new plant of the Champion Clay company up Rowe's run, is progressing rapidly, and it is expected that within a month the plant will be ready to operate. Some of the buildings about the plant have been completed, while others are only partially so. Most of the machinery is in place. Two machines will be used to press the bricks, having a capacity of 75,000 brick daily. Another important piece of machinery is the repressing machine. This will have a capacity of 20,000. The dry is one of the largest in the country, holding 177 cars. Four gas wells will supply fuel to the works. Two were drilled by the company and two were purchased from Pittsburgh parties who drilled them some time ago. These have a pressure of about 100 pounds. Nearly two miles of 5½ inch pipe is used to convey the gas from the wells to the works. The main engine has a capacity of 175 horse-power. There will be 16 kilns, holding 85,000 brick. About 80 men will be employed and crews are now being made up.

COOL TREATMENT.

There came a man into the office of an uptown pottery yesterday morning, and to the man at the desk he said: "Have you got any odds and ends in decorated ware?" "Not an odd end," said the man at the desk. The fellow said good morning and went out. "That is a pretty chatty way to treat a buyer," said the man at the desk to a reporter, who happened to be in the office at the time, "but it was the truth. We sell all we can make, and could sell more if we could make the ware. Large jobbers take all our

PIN YOUR FAITH TO ENK'S

SCROFULA BLOOD TAINTS

Dr. JOSEPH ENK'S
Genuine Dynamized Number
Homeopathic 45
Preparation

Prevents the metamorphosis of waste tissue into the condition popularly known as Scrofula. Covers both forms of the disease and the condition which permits pusular eruptions. It cures, also, all forms of catarrhal diseases. It goes down deep into the body, and is the greatest remedy for blood diseases of serious character ever formulated, as it is prepared from Nature's purest materials. It is safe for children. Give small children one-half the dose.

Dry, seedy eruptions in children or adults call for No. 45. Mix one drachm of the tincture and one drachm of the ointment and apply. It is alternated.

Varicose ulcers and those resulting from a relaxation of muscular fibers around veins and glands, are cured by Preparation No. 45.

Charles Wright, a potter at the Harker pottery, is confined to his home in the East End by an attack of malaria. He is employed by the saucer jiggerman.

Jack Hendricks is a new kilnman at the Diamond, on the glost end. Another addition will be made to this crew next Monday, when Jack Clark, now working on the glost at Vodrey's, will leave that shop and start at the Diamond.

Sold in East Liverpool by

ALVIN H. BULGER,

Pharmacist 6th and W. Market

output, and that is all we have to make. A firm that can sell its entire output ahead is surely doing business, and there are said to be several factories in this part of the country that are working under such conditions. During the past few days quite a number of buyers have been in the city, looking for all 'job lots' that were available."

ALL CAST ASIDE.

Oliver H. Sebring, who has been in the city for a few days visiting his daughter, who is very ill, returned home yesterday afternoon to Sebring. When asked if there were any new plans for the forming of a syndicate among the pottery manufacturers of the country Mr. Sebring said:

"The impression was abroad that we were backing Trainer and Irwin, of Chicago. There was nothing in it at all. We asked their suggestions or plans and that was all there was for us to do. I think yet that the plan suggested by the Chicago men was logical, but there seemed to be too much money at stake for the promoters. Some day, I think, there will be a syndicate of potters formed, but when, some person other than I will have to answer."

FLAT WARE AGAIN.

At the meeting of Kilnmen's local No. 3 tomorrow evening much will be said relative to the dispute that is expected to be settled soon relative to the placing of flat ware in the first firing of the biscuit kilns. Another meeting of the joint committee representing the kilnmen and the manufacturers will be held one week from next Monday evening, and the purpose of the discussion tomorrow evening is to further plans for a satisfactory settlement.

READY FOR LABOR DAY.

At a meeting of Warehousewomen's local No. 62, which will be held one week from this evening in the hall on Washington street, arrangements will be completed for the part this local will take in the Labor day demonstration. It has been decided that the glost and biscuit warehouse girls shall occupy separate floats, and on these display their trade in the best possible manner. The display will be interesting to say the least.

A NEW RESIDENT.

Albert Angle, one of the firemen at the Laughlin plants in the East End, who came there from an East Palestine pottery several weeks ago, has decided to remove his family to the East End. This he expects to do in a week or so. The family will occupy the residence on Railroad street now occupied by Elmer A. Stevenson, which will be vacated soon on account of Mr. Stevenson moving to Mechanicstown, where he will open a general store.

RETURNED TO WORK.

After spending several months at Mt. Clemens, Mich., for the benefit of his health, Ralph Alcock has returned to this city a well man, and has taken his former position in the decorating department of the Dresden pottery. Mr. Alcock had been ill since last winter and made several trips to Michigan for his health, and all were successful. He is now in better health than he has been for many years.

THEIR ANNUAL PICNIC.

At a recent meeting of Warehouse women's local No. 62, arrangements were made for the annual outing which will be held this year at Rock Springs park August 22. This will be the first picnic of this local since it was admitted into the National Brotherhood of Operative Potters, and it is the intention of the members to make it one of the successes of the season.

HEALTH IMPROVING.

H. P. Knoblock, of the Dresden pottery, who has been confined to his home for the past 10 days on account of illness, is now able to be out. He is not paying much attention to business affairs just now, but rather taking a short but much needed vacation.

AMONG THE POTTERS.
Taylor & Smith & Taylor's pottery is running every night this week. It will make six kilns this week, and the all night runs are for glaze.

Charles Wright, a potter at the Harker pottery, is confined to his home in the East End by an attack of malaria. He is employed by the saucer jiggerman.

Jack Hendricks is a new kilnman at the Diamond, on the glost end. Another addition will be made to this crew next Monday, when Jack Clark, now working on the glost at Vodrey's, will leave that shop and start at the Diamond.

EMBEZZLERS FREED.

Canadian Judge Turned Loose Gaynor and Greene, at Quebec.

WARRANT DECLARED ILLEGAL.

Charge of Fraud Committed in 1897 Not Extraditable Under the Treaty of 1900—Understood New Proceed- ings Will Be Instituted.

Quebec, Aug. 14.—Colonel John F. Gaynor and Captain Benjamin D. Greene scored a decisive victory yesterday in their fight against extradition to the United States, where they are wanted in connection with alleged frauds in harbor work for the federal government involving millions of dollars. Judge Caron, in the superior court, discharged the prisoners from the custody of Sheriffs Langlois, of Quebec, and Valee, of Montreal, in whose official care they have been since their sensational arrest in Quebec last May. A large number of the prisoners' friends were in the court room and they heartily congratulated the two men upon their release. Colonel Gaynor and Captain Greene left the court room soon after Judge Caron had concluded and proceeded to the chateau Frontenac. Colonel Gaynor, who is suffering from rheumatism, retired to his room.

It is understood that the United States government will institute new proceedings for extradition, but up to a late hour last night no step had been taken by counsel representing the Washington authorities.

Judge Caron Gave Reasons.

Judge Caron, who spoke in French, occupied about two hours in delivering his judgment. In reviewing the legal proceedings since the arrest of the two prisoners, he pointed out that their counsel had raised an important question to the effect that the warrant issued by Magistrate Lafontaine was illegal on the ground that it did not contain the date nor the year in which the alleged offense had been committed. He could not presume when the offense was committed, and it may have been previous to the signing of the treaty between the United States and Great Britain, and if so the accused could not be held, as the treaties had no retroactive effect.

According to a deposition made in Montreal by Mr. Erwin, counsel for the United States, in May last, continued Judge Caron, the accused were charged with fraud committed on or about Jan. 1, 1897. That crime was not included in the treaties and that of receiving money under false pretenses was only included in the treaty of 1900. This was fatal to the prosecution, and the warrant issued by Judge Lafontaine was defective, as the offense included therein did not fall under the extradition treaty.

Governor Gage cited cases and legal decisions to show that neither the president of the United States nor the governor of an individual state can be arrested for an overt act, provided such act was performed in the course of his judicial actions as president or governor.

PRINTERS' CONVENTION.

Priority Law Passed—Hours of Labor Restricted.

Cincinnati, Aug. 14.—The convention of the International Typographical union made many changes in its laws yesterday. After providing Tuesday for the oldest substitute getting the first vacancy, it yesterday restricted the hours per week to a maximum of 54, put evening papers with Sunday editions on the evening basis, and made many minor changes.

An effort to include superintendents as well as foremen in the membership failed.

It developed that there will be strong opposition among the delegates to endorsing the newly organized international ladies' auxiliary, although there is no opposition to local ladies' auxiliaries.

The convention became very animated over an "alleged factional fight" that was precipitated by the Indianapolis union, and showed its conservative spirit in defeating a proposition to prohibit any member from belonging to the militia.

The visiting ladies held secret meetings both morning and afternoon and effected a permanent organization of the international women's auxiliary to the I. T. U. by electing the following officers:

President, Mrs. Frank Kennedy, Omaha; vice presidents, Mrs. Louisa Nashville; Miss Mary Crowley, Cincinnati; Mrs. M. U. Crowley, Milwaukee, and Mrs. Herman Matthes, Omaha. Mrs. Donnell, of Cincinnati, was elected secretary-treasurer.

Opposed to Doctor's Appointment.

Berlin, Aug. 14.—Dr. Schweninger, who treated Prince Bismarck to reduce that statesman's flesh, has been appointed professor of the history of medicine at Berlin university. Prince Bismarck was so grateful that he tried to have Dr. Schweninger appointed nearly 20 years ago, but university circles raised a protest.

Dr. Schweninger was Bismarck's physician up to the prince's death, living at Friedrichsruhe. Medical professors of a number of universities are circulating a protest to the government against the appointment, asserting that Dr. Schweninger has never written or taught on the subject of medical discovery.

GOVERNOR GAGE ARRESTED.

Claimed He Could Not Be Arrested For Act In Official Capacity.

Los Angeles, Aug. 14.—Governor Gage was arrested here on a charge of libel, made by the proprietor of the San Francisco Call.

The writ was returnable this morning, and bail was fixed at the nominal sum of \$60. The petition for the release from custody on a writ of habeas corpus reviewed at length the occurrences which preceded the alleged libel and based the application on the claim that no cause for action existed and that his actions had been in the course of his official duty.

Governor Gage cited cases and legal decisions to show that neither the president of the United States nor the governor of an individual state can be arrested for an overt act, provided such act was performed in the course of his judicial actions as president or governor.

Opposite Meanings.

BRAIN FOOD.

Not long since there was a great run on the fish markets because it was announced that fish was food for the brain. Of course the fallacy of the fad was soon exploded. Normally the food we eat nourishes brain, nerves, muscle, bones, etc., each part of the body assimilating phosphorous salts, lime, according to its need. When the brain begins to show weakness or the nerves become sensitive it is a sign that there is a loss of the nutrition contained in the food eaten, and this loss is in general due to disease of the stomach and its allied organs.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food, which is the source of the strength of both brain and body.

"I was troubled with very frequent headaches," writes Miss Belle Summerton of San Diego, Duval Co., Texas. "Often accompanied by severe vomiting; bowels were irregular and my stomach and liver seemed continually out of order. Often I could eat almost nothing and sometimes about half a dozen eggs for twenty-four hours at a time. I was entirely unfit for work, and my whole system seemed so run-down that I feared a severe sick spell and was very much disengaged. I was advised to try Dr. Pierce's Golden Medical Discovery and so with such satisfaction results that before finishing the third bottle I felt perfectly able to undertake duties attending public school life."

Dr. Pierce's Common Sense Medical Adviser in paper covers is sent free, on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

PRIEST HIT BACK.

Told President Mitchell He Had No Right to Criticize His Sermons.

HE LAMBASTED LABOR LEADERS

Priest From Mitchell's Home Protested Against O'Reilly's Allusions to Miners' Leader—Wilkesbarre Operators Think Too Late to Arbitrate.

Wilkesbarre, Pa., Aug. 14.—A number of workmen who were returning from the Woodward mine last night claimed a volley of stones was fired at them, but no one was hurt. A number of boys were seen on a hill near by and it is thought they were the guilty parties.

The owners of the Warnke washery, at Duryea, have asked Sheriff Jacobs to protect their property. A barbed wire barricade was built around the washery. Tuesday night some unknown parties tore it down. A crowd of 500 men and boys collected around the washery yesterday morning, as it was expected operations would be resumed. When a number of deputy sheriffs reached the place the crowd disappeared. It is said an attempt will be made to resume work today.

Condemn Priest's Attack. The presidents of the local assemblies of the United Mine Workers of the Wilkesbarre district met here yesterday and adopted resolutions condemning Rev. Father O'Reilly, of Shenandoah, for his criticism of the officers of the United Mine Workers. President Mitchell and the district presidents were eulogized for their efforts to better the condition of the miners. President Mitchell addressed a personal letter to the Shenandoah clergyman, taking exceptions to certain remarks alleged to have been made by him in his church last Sunday. Rev. O'Reilly sent a curt reply, saying that Mr. Mitchell had no right to criticize his sermons.

Representatives of the big coal companies here think it will be a useless trip for a committee of the Citizens' Alliance, of Wilkesbarre, to go to Atlantic City to see Senator Quay and have him use his influence with the presidents of the coal-carrying railroads to bring about arbitration. The local operators are of the opinion that it is too late to talk about arbitration now, as those in control of the trade think it can only be a short time until the miners make up their minds to return to work.

Scranton, Pa., Aug. 14.—At a big mass meeting of strikers in Dickson City yesterday District President Nichols and ex-National Organizer Dilcher bitterly denounced the Father O'Reilly sermon. Mr. Dilcher asserted that the sermon was unwarranted and a tissue of falsehoods. In rebutting the attack made on President Mitchell, Mr. Dilcher stated that the priest at Spring Valley, Ills., President Mitchell's home, had written Father O'Reilly, protesting against his personal allusions to the mine workers' leader and testifying that he was one of the most respected citizens of Spring Valley.

Senators Willing to Help.

Philadelphia, Aug. 14.—United States Senator Penrose yesterday, in discussing the anthracite coal strike, made the following statement: "Both Senator Quay and myself have always been ready to receive any delegation from the miners and do all in our power to bring an end to the present troubles. For a long time past this question has been receiving our attention, and if there is anything we can do towards settling the difficulties it will be done."

Strike Leaders Held For Contempt.

Charleston, W. Va., Aug. 14.—In the miners' contempt cases here Judge Keller held John Richards and his associates guilty of contempt and fined them \$5 and costs each, holding them committed until the fines were paid or bail given. Richards is president of district 17, United Mine Workers.

SOME TRI-STATE EVENTS.

Samuel L. Jackson, a Civil War veteran, was killed on the railroad near St. Clairsville, O.

New Castle, Pa., a vicious horse kicked an ear off Henry Borke, a farmer.

At Akron, O., Mrs. John Forest, while demented, wandered to a pond and drowned herself.

Harry Rice and Caroline Brown, of Scottsdale, Pa., were married at Cumbrland, Md.

Ralph Lemasters, who escaped from jail at Clarksburg, W. Va., has been captured at Parkersburg.

The large warehouse of G. W. Fredricks, near Lock Haven, Pa., was destroyed by fire, with a loss of \$5,000.

The Morgantown (W. Va.) glass factory has resumed with 40 shops on the old wage scale until a new one is adopted.

The new blast furnace of the North Side Iron company, with a capacity of 18,000 tons of Bessemer iron, was put in operation at Sharpsville, Pa.

Four members of the family of Frank Bullet, of near Sharon, Pa., ate stools in mistake for mushrooms and were rendered violently ill.

Eighteen employees of the Clark Coal company, at Wilkinsburg, W. Va.,

remember the name Doan's and take no other.

Sold by W. & W. Pharmacy.

struck because they were getting 3 cents less on a car than other companies were paying.

John Kiel, who killed Joseph Daily at Parkersburg, W. Va., last March and afterward escaped from the jail there, was arrested at Zanesville, O.

Charles Rodgers and William T. Evans, charged with deserting from the United States army two years ago, were arrested at their homes near Emleton, Pa., to which they recently returned.

By the fall of a section of a bluff overlooking the Baltimore and Ohio railroad near Cumberland, Md., two men were killed.

Revived meetings at Monessen, Pa., conducted by A. H. Kayler, of Allegheny City, Pa., are being well attended, and many converts are being made.

Margaret Thomas, aged 9 years, was drowned in the Tuscarawas river at Canal Dover, O.

The store of the Federal Supply company, at Webster, Pa., was robbed of \$175, several revolvers and a quantity of jewelry.

Burglars blew open the safe of the Charleroi, Pa., Brewing company, but got nothing of value.

The owners of the Warnke washery, at Duryea, have asked Sheriff Jacobs to protect their property. A barbed wire barricade was built around the washery. Tuesday night some unknown parties tore it down. A crowd of 500 men and boys collected around the washery yesterday morning, as it was expected operations would be resumed. When a number of deputy sheriffs reached the place the crowd disappeared. It is said an attempt will be made to resume work today.

Condemn Priest's Attack.

The presidents of the local assemblies of the United Mine Workers of the Wilkesbarre district met here yesterday and adopted resolutions condemning Rev. Father O'Reilly, of Shenandoah, for his criticism of the officers of the United Mine Workers. President Mitchell and the district presidents were eulogized for their efforts to better the condition of the miners. President Mitchell addressed a personal letter to the Shenandoah clergyman, taking exceptions to certain remarks alleged to have been made by him in his church last Sunday. Rev. O'Reilly sent a curt reply, saying that Mr. Mitchell had no right to criticize his sermons.

Charles Rush, E. W. Moore and Wesley Allen, Butler, Pa., tobacconists, were arrested on the charge of selling cigarettes to boys under 16 years of age.

While W. H. Kelly, an Altoona, Pa., restaurant keeper, was preparing a meal for a man who entered the place alone, the stranger walked out with the cash register, containing about \$25.

A small party of Moros surprised an outpost of the Twenty-seventh Infantry at Camp Vicars on Tuesday. Sergeant Foley and Private Carey were killed and Private Van Dorn was severely wounded.

E. J. Perry chosen president of Western Pennsylvania Firemen's association at Jeannette, Pa. Latrobe to get next convention.

Charles Janaski confessed murder in a man named Wurzowski, at Cleveland, and implicated wife, who had said Janaski did killing.

Clue in Cartholin Case.

Chicago, Aug. 14.—Inspector Hunt late last night found a woman who declared that at daybreak on the morning following the night in which Minnie Mitchell disappeared in company with William Bartholin she saw Oscar Thompson, driver for a laundry company, and who is now held in custody by the police; John Claffey, the barn boss for the same concern, and a man wearing a Panama hat and a dark sack coat, at the corner of Seventy-fourth and state streets, where Minnie Mitchell's body was found. They were going back and forth in the weeds and acting in a suspicious manner. Thompson indicated he might talk today. Bartholin was still missing.

By order of the town council.

Jim Dumps would walk the floor for hours With baby, who yelled with all its powers.

If tacks attacked his feet so bare,

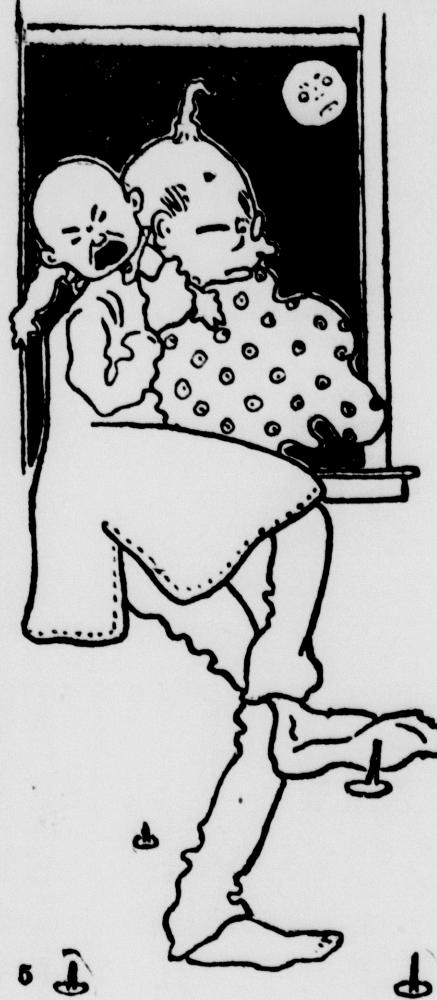

In double blanks Jim Dumps would swear.

Such trifles now don't bother him,

For "Force" has made him "Sunny Jim!"

"FORCE"

The Ready-to-Serve Cereal

a nightcap insuring sweet slumber

Sweet, crisp flakes of wheat and malt—eaten cold.

A Good Night's Sleep.

"The verdict seems to be that 'Force' is the most nutritious and the easiest digested of all the wheat products. One friend tells me that a small quantity eaten just before retiring seems always to insure him a good night's sleep."

(Name furnished on application.)
